# Month Of Coordination

Month of Coordination typically starts 8-4 weeks before the wedding day. Here are the typical duties that you should expect from us:

1. Review contracts and vendor agreements to ensure everything is in order
2. Create a detailed wedding day timeline and distribute it to all vendors
3. Conduct a final walkthrough of the venue with the couple to discuss details and logistics
4. Confirm all vendor details, such as arrival times and set up instructions
5. Coordinate the rehearsal, if requested
6. Manage the wedding day timeline, ensuring all events happen on schedule
7. Troubleshoot any issues that arise during the wedding day
8. Coordinate with vendors to ensure smooth transitions between events (such as cocktail hour to reception)
9. Ensure that the couple's personal items (such as wedding rings, gifts, and decorations) are properly handled and accounted for throughout the day
10. Oversee the breakdown and cleanup of the event at the end of the night.

It's important to note that month of coordination is not a substitute for full-service planning, which involves more extensive work with the couple throughout the wedding planning process.
