

Hello there future bride,

Below I will give you some details of the service I provide and please feel free to reach out with any additional questions that may not be answered.

My bridal hair price is \$250

My bridal hair trial price is \$125

Bridal hair price includes clip-in hair extension installation. Hair extensions are not included. My suggestion for purchasing hair extensions is going to your local beauty supply store, Sally's, or buying online. I recommend Bellami hair or Luxy hair extensions. You can go with one pack of clip-ins at a length of 18 inches or more depending on how long your hair is.

My bridal makeup price is \$250

My bridal makeup trial price is \$125

Makeup application includes strip lashes or cluster temporary individuals. I do have an option for airbrush makeup from a brand called Era that I highly recommend for brides. There is no extra cost for this, just a matter of preference.

Bridesmaid, maid of honor, mother of the bride, and mother of the groom.

Makeup price \$125 (lashes included)

Hair price \$125

For booking and securing the date I require a signed contract with a 50% deposit of the entire booking cost. I do not charge for travel fees unless the location is more than 20 miles away from Ridgewood, Queens. I do have a minimum booking required of \$300.

To book your trial please send me a message with your availability and how soon you wish to make an appointment for your trial.

Love,

Marjorie Ortiz
