If there is a song title not listed that you would like to have played, we can look online to find a pre-arranged version. Typically this would be in the \$15-\$30 range per song. If we are unable to find one, then we can put together an arrangement for you for \$75 per song.

## **Sound Equipment Rental**

HIGHLY recommended for:

- Outdoor Events - acoustic instruments can be low in volume when there is no structure for the sound to bounce off of
- Cocktail Hours - acoustic instruments are often drowned out by the sounds of people talking and socializing - would be a bummer for the music to not be heard

Options Available:

- 2 Speakers and mixer to amplify musicians  
\$200 (set-up, tear down, and sound check included)
- 2 Speakers and mixer to amplify musicians + mic for officiant  
\$250 (set-up, tear down, and sound check included)
