FAQ

I'm friends with the Bride and Groom and I heard you guys ROCK. I want you for our wedding, too! Is there special pricing for referrals?

Yes, there is! We have special pricing that we reserve for friends and family of our past clients! We give discounts for vendor referrals, too. Please, give us a call to speak with a representative so you can receive your custom quote. - After your big day, be sure to spread the word so your friends and family can get a sweet deal and an awesome experience, too! That can be your wedding gift to them. ;)

How intrusive will the videography team be during the ceremony?

Though we will make a move to get the shot, our style of videography is non-intrusive and discreet during the wedding ceremony. However, during the reception, we are very much engaged with the festivities and will most certainly be on the dance floor when it's party time!

Do you offer drone coverage?

Yes, we do! We offer drone coverage in two ways:

1. Location coverage - highlights of your wedding ceremony and/or reception location from the sky. + \$400.00
2. Photo Moments coverage - aerial shots of you and your partner interacting within the environment and/or your bridal party! + \$600.00

Fine Print: There are a myriad of different legalities and uncontrollable variables like weather and geography that can influence the possibilities of flying a drone on your wedding day. We can review these details further if you desire to add Drone Footage to your wedding package.

What is your business policy for travel expenses?

Travel Expenses are calculated at \$.58/mi, one way, after the first 10 miles from Cleveland, OH. Our main area of operation is Northeastern Ohio, but we are not opposed to booking destination weddings, though all expenses would be the responsibility of the client. If your wedding is more than 2 hours away from Cleveland, OH then we may require you to pay for a hotel room, too.

How many videographers do you have on your team?

Our team usually consists of One to Two videographers depending on the package you choose. A Production assistant may be in attendance as well, which would bring us to **Three (3)** people in some situations. We do offer wedding packages where more videographers are required to attend for proper coverage, but this is rare and only by request.

What is your payment policy?

For example, our SWORD package is \$3,990.00. At this price point we require our clients to put \$800.00 down as a non-refundable deposit for us to hold the date. The next payment of \$2190 is to be made 2 months prior to the wedding day, and a final payment of \$1000 will be due before delivery of the final product.

What forms of payment do you accept?

We accept payment in many forms. The preferred methods are: Cash or Check. The other methods are credit (+3% - 3.6% fee) and money transfer apps like Zelle.

What is your turnaround time for my wedding film?

We usually plan for a Ten Week Turnaround time with your wait being no longer than six months. Each project is unique and we give it the time it deserves.
