THE WEDDING EXPERIENCE WITH

CHELSEY WEISZ

After 5 years of doing the same thing it's easy to feel burnout, and quite frankly have a lack of creative energy. The reality is, I have seen and photographed it all and the more that I shoot, the more that I fall in love with this job! The joy, the excitement, the feminine details, the tears, the dances with daddy, the portraits that take your breath away.... I love it all. Even after 5 years, I still can't get over the fact that I have been trusted with preserving over 50 weddings!! I don't take my job lightly.

From 2016-2018 I stood by my husband, Justin, as he battled an infection after the placement of a new heart valve. He had the valve replaced 3 times, and just recently had his sternum removed after the infection took hold in his bone. Throughout the entire journey, we clung to God and each other. Having someone to stand by your side through thick and thin is one of the best things in life.

I am so honored that I get to document couples as they stand before God, their family, and friends, and vow to stand side by side.

Before every wedding day begins I sit in the car and I pray for the couple, their families and for the ability to capture my couple's celebration with excellence and creativity! Besides raising our daughter, Skyler, and son Grayson photographing weddings is truly one of the most rewarding parts of my life! The friendships and experiences that are created with my Weisz Couples last far beyond the wedding day and I believe that's how it should be! I am excited for you to keep scrolling to learn more about how being a Weisz Bride isn't your typical photography experience; it's so much more!
