2023 WEDDINGS

# Congratulations!

Yay! You're engaged and it's time to start planning your wedding.

There is nothing more exciting or memorable than your wedding day. It's one that will be filled with love, laughter, (happy) tears, and special moments. A time when all your loved ones are all together in one place, to celebrate you two.

I want to capture every laugh and every tear. I have a passion for photographing your authentic love, raw emotions, and real moments. Often staying behind the camera and being unobtrusive, my goal is to make you feel as beautiful as you are, and to allow you to enjoy your day while providing you with timeless and creative images.

When you look through your photos, I want you to be able to relive that day and those emotions throughout your lifetime. This day should be remembered and shared with one another, your loved ones, and future generations.

Let me tell your love story

# Sweet Add-Ons

Having the option to customize your package gives you the flexibility to create a package that works for you.

## **Add-on Items to Consider:**

- Engagement session
- Bridal portrait session
- Bridal boudoir session
- Additional hours
- Additional wedding locations
- Custom designed wedding albums
- Gallery wraps and canvases
- Additional flash-drives

## **I highly recommend including an Engagement Session in your package:**

- It is a great way for us to get to know each other and work together prior to the big day.
- Being in front of the camera can be intimidating if you're not used to it, so this is the perfect opportunity to become familiar with it. I promise, it's not as scary as it seems!
- Engagement sessions are fun! It's a good excuse to get pampered, dressed up, and just have fun together! Take time out from all the wedding planning and enjoy each other!
- Take advantage of cute and more casual photos of you. Use them to decorate walls in your home or use them in your wedding decor (i.e. guest book, table numbers, wedding favors, etc.)

# Behind the Camera ...

Hello, my lovely couple! I have such an obsession with photography and have since the ripe old age of two. However, photography is not my only passion. I have a passion for life, love, and a few quirky things here and there. Read below to get to know me a little better:

What most people don't know is that I actually have a 4-year degree in photography. Having graduated from George Mason University, I went on to work with a prestigious Washington DC wedding photographer where I continued to learn and study my passion. Between working for that company and working for my own, I've had the pleasure of photographing over 200 weddings, and countless engagements.

Animals are life. I have such a passion for all animals. I have one cat, two birds, and three dogs, but if I could rescue all animals in need, and provide them with a safe and spoiled home, I absolutely would!

I am a muggle who was housed in Gryffindor and keeps Sirius Black's wand safely hidden.

I am in love with love, whether it's the cheesy rom-com kind of love, quirky and weird, same-sex, or whatever kind, it's amazing and worth celebrating!

Disney lover here! I honestly don't know what would be better - living at Disney World or at Hogwarts. You'd think that I had never been to Disney before, because every time I step foot at the parks, it's pure magic and I revert back to my childhood ways. Yes, that includes singing out of tune and skipping to all of the songs.

The world is meant for us to explore! I LOVE to travel to anywhere and everywhere. Korea, France, Germany, Hawaii, Bora Bora, Mexico, Italy, Switzerland, Costa Rica Australia, and New Zealand are some of the places I have been fortunate enough to visit. Next up: Ireland, Greece and Africa (or wherever a wedding or life takes me).

I have a ridiculously bad sweet tooth! I will never say no to a homemade apple pie, bread pudding, or basically anything that my nutritionist has told me to stay away from!

# FAQs

## *What is my photography style?*

Simply put, my photography style is natural and authentic. My focus is to capture your day and moments as they happen - rain or shine, cloudy or clear, windy or calm. Your day is special and unique, and doesn't require Photoshop to make it anything other than what it is: perfect!

I refuse to make you look any other way (skinnier, bigger chest, disappearing tattoos, birthmarks, etc.) because your traits are beautiful and make you who you are.

As Darcy from "Bridget Jones' Diary" says, "I like you very much - just as you are."

My documentary style allows you to be you, enjoying every moment, while capturing those memories for you to relive over and over again. Your wedding day will come and go in the blink of an eye, so I want to make sure I'm photographing those raw emotions, real moments, and everything big and small and in-between.

Capturing your authentic selves, love, relationship, and wedding day as it happens in photos is exactly what I love and live for!

## *What sets me apart from other photographers?*

My passion is reflected in the love stories and art that I provide my couples. Every image I take is carefully composed, high-quality, and individually edited. Besides my work and experience (having a degree in photography, working with a prestigious wedding photographer for 3-1/2 years, and having shot over 200+ weddings).

I also provide a personal experience. I strive to make my couples feel as beautiful as they are, and make sure their images are a perfect reflection of who they are.

I truly believe in customer service, so I keep an open line of communication. Weddings are nerve-racking and can be overwhelming. I'm here for you, whether to vent to, help with your wedding day timeline, or find wedding vendors who will be a good fit for you!

Each of my clients are not just clients. When you work with me, we skip the formalities. You become my friend, my family.

## *Do you have to purchase albums, flash-drives, and other sessions with contract?*

Nope! If it's not in your wedding budget, don't worry! Bridal, boudoir, and couples' sessions can be added on at any time, even post-wedding!

As for your wedding album, no rush! I keep all of my couples' wedding images so you can purchase a custom designed album whenever, for as long as I'm alive! In fact, I've had a few couples come back to me to design and order their album for their anniversaries (some as late as 10 years).

So don't feel pressured to add on a la carte items right now. It's a sweet add-on for whenever you're ready!

# Sweet Notes

"Thank you just doesn't seem to be enough to say. The pictures .... I can't even. I've been through them only a couple times and catch myself just staring at them. You captured some of the most amazing candid moments."

*Lynsie + Angel*

"Naomi found the most spectacular angles that produced amazing photos and captured emotions that perfectly exemplified how I felt the night of my wedding, as well as the guests in attendance. Naomi works seamlessly but fiercely- it's like she isn't even there but still manages to take superb quality photos."

*Erica + David*

"Sweet Memories was the first vendor that we hired. She is so warm, friendly and bubbly. We knew from the moment we met her that we wanted her to photograph our wedding. On the day of our wedding she was like a ninja! I didn't feel a camera pointing at me which allowed me to be comfortable the entire day and resulted in the most beautiful natural shots that captured all of the emotions throughout the day. I'm still in awe of our photos! My guests still compliment Sweet Memories, that she was so professional, friendly and respectful!"

*Andrea + David*

"Sweet Memories was one of the best investments we made for our wedding. Looking at the pictures after the fact, I have deduced they must be wizards. Both Naomi and her second photographer blended seamlessly into the wedding day festivities and did their jobs without being intrusive at all. They also made sure to capture everyone that was part of our wedding and all the moments from unique vantage points. I cannot recommend Naomi and Sweet Memories enough. We hope to use her again in the future."

*Sara + Robert*

"She immediately put us at ease and her photos are GORGEOUS. They exceeded all expectations and I would recommend her to anyone, anytime. She is so professional, but keeps things fun at the same time, is flexible and easy to work with. We love love love our photos — they manage to be personal and artistic at the same time. Naomi has an incredible eye; I can't imagine having chosen anyone else."

*Christin + Steve*

A romantic photograph of a bride and groom in a grassy field. The groom, wearing a brown suit and bow tie, is lifting the bride, who is in a white wedding dress. They are both smiling and looking at each other. The background features a line of trees and a white picket fence under a soft, overcast sky. The overall mood is joyful and intimate.
