## SUN + MOON PACKAGE

\$3000

A personalized package to best capture your day. From sun to moon, I will be there capturing the story of your magical wedding. This package includes a personal meet up or phone call to talk about your vision and how you want your story to be told. I will create a personalized story video for you that captures all of the intimate and candid moments. These are artistic films that showcase your style. This package includes an instagram short that you can post online, as well as a story film that is usually 3-7 minutes in length. I also will attach separately the audio from your vows as well as speeches from your reception. This allows you to have them on file in case we decide together that you do not want them in the film. I deliver your finished product as a flash drive as well as a digital file. This allows you to play it at home or post it online. This package is designed to captivate viewers hearts, and to provide a filmography experience that you will cherish.
