The best florist I could have asked for
She out did herself with the floral chandeliers and our flowers for our
arch behind the sweetheart table! Everything she did was beautiful and
she handled everything such as hanging the chandeliers!

Wonderful experience - beautiful flowers and excellent support!
We could not have picked a better florist for our wedding! Margie was
so helpful and wonderful to work with. She was very responsive, helpful
and really made our wedding turn out beautifully! Margie was able to
help envision the flowers and set everything up for us to make it look so
beautiful. I didn't have to worry about anything. I would recommend
them to anyone having a wedding - we had the best experience and the
flowers were so beautiful and very reasonably priced!

Your search for the perfect florist ends here!
My floral budget was really the one place I couldn't go overboard on
spending, so I decided to do the centerpieces for the guest tables
myself and go through a florist for the wedding party flowers, and my
day-of coordinator recommended Margie at Petal Burst. Margie was
already booked to deliver flowers to another wedding that day, but was
able to still create everything I needed and my coordinator was able to
pick them up. When I saw everything I just about died. My wedding
flowers were gorgeous and exactly what I had envisioned. My bouquet
included many different brightly colored flowers and it truly was
magnificent. My bridesmaids had yellow bouquets that were just as
beautiful, and all of the men's boutonnieres and mothers' corsages were
perfect. I also ordered flowers to decorate my cake and I just love how
it turned out. Plus, I even had enough left in my floral budget to get a
couple of ceremony arrangements, and Margie was very helpful in
making sure they would complement both the wedding party flowers
and the centerpieces I was creating. Margie was just a dream to work
with. She was super responsive to all my emails and very patient with
me when I veered from indecisive to particular. Not once did she make
me feel guilty when I'd ask for modifications. Now I can't help but tell
any bride-to-be who will listen that they need to call her -- and so do
you!
