“DJ Dlyte was wonderful! He took the time to capture exactly what we wanted for our daughter. He was quick to respond to the emails sent and made every last minute request happen!! I was beyond happy with the ending results along with his personal touches. I'd recommend him to anyone.”

Meet The DJ

Dwight , aka **DJ D-LYTE**, was destined to have music as a part of his life because he grew up around his favorite uncles and cousins who were well-known all over the island of **JAMAICA** as some of the most popular top-rated DJ's, event promoters and studio engineers. Naturally, he listened to music incessantly, and learned to use all types of music production equipment from the professionals in his vicinity.
