

CONGRATULATIONS ON YOUR ENGAGEMENT!

First of all, a huge congratulations!!!! I'm honored and delighted that you'd consider me to play a small but important part in your your wedding day.

I created the following guide to give you an overview of what it's like to work with me, and to share more information about the services I offer. If you have any additional questions or concerns after reading through it, please don't hesitate to reach out via email.

THE PROCESS

Let's break it down

Step 1: Coffee Chat

After reading through this guide, the next step is to book a consultation with me (over the phone or in person). Absolutely no pressure to book anything at this point. We can just chat about what you're looking for, and I can help answer any questions so you have more info to work with.

Step 2: Make Things Official!

If we're a good fit and you'd like to move forward, I'll send you a proposal with a contract and invoice to make our partnership official. Once you submit it, your date is secured on my calendar and you can breathe a sigh of relief knowing you just found your dream wedding photographer!

Step 3: Planning

I'll schedule a time where we can meet about a month before your big day. We will go over your itinerary, shooting guidelines, and other expectations. I'll explain our normal process for recording each part of the wedding day as we walk through your itinerary. And you can let us know if anything sounds too disruptive or awkward for your taste. Or if there are any adjustments that you'd prefer.

Step 4: Cue the Wedding Bells!

The big day has finally arrived. It's going to be great! I'll get to your venue early to scout out the layout and lighting. Thanks to all the planning and prep we've done, you can simply relax and enjoy the moment while I do my thing!

Step 5: Video Delivery

Your video will be delivered 6-12 weeks from your wedding day. I'll send you a dropbox link where you can download them yourself, as well as a youtube link you can share with friends or family. Pro tip: Plan a date night with your new spouse to look through the photos together and relive the joy of that day all over again!

What is a story session?

We'll schedule a short video session some time before the wedding day where we'll capture your story to be woven into the final wedding video.

During the story session, we focus on capturing elements that help tell a deeper and more emotional story about the couple, their relationship, and the atmosphere of the day.

The goal is to create a video that captures not just the events of the day, but also the emotions, connections, and unique moments that make each wedding special. See [this example](#) to help you get an idea of how a story session can be used in your final wedding video.

What is a Ceremony and Speeches Edit?

This edit consists of uncut, continuous footage from the ceremony and the speeches. It doesn't include the music or artistic editing of a Highlight Video. It's a great way to re-live the most important moments of your big day exactly as they occurred.
