AT BLACK PRONG

WEDDING COLLECTIONS

Nestled in the Goethe State Forest, Black Prong is a nature lover's destination, surrounded by a distinctive, scenic backdrop of grand oak trees and natural Florida forest. Black Prong is perfect for every event, whether it's a small and intimate gathering, an elegant wedding, or a lavish soiree.

Founded in 2002, Black Prong was originally designed as a home away from home for carriage driving equestrians. The serene setting surrounded by the forest was appealing to more than just horse enthusiasts, and in 2019 the property was remodeled to welcome a broader audience. Since opening as an event venue in the fall of 2022, we have been honored to be the host of many of life's most precious moments.

Offering both indoor and outdoor spaces and access to our 90-acre grounds, Black Prong has you covered whether you want a secluded ceremony under the canopy of trees or a 200 guest reception in our pavilion.

In addition to our event spaces, we offer on-site cottages and luxury tiny homes to keep your guests close. Our in-house professional catering team will work with you to make your
