

# CATCHING LIGHTNING

## Wedding Packages

### Package 1 \$699.00

Our most popular package includes six hours of combined cocktail hour and reception.

### Package 2 \$799.00

Our second most popular package includes six hours of combined cocktail hour and reception, with the addition of the wedding ceremony.

### Package 3 \$799.00+

This wedding package includes all of the features of Package 2 with the addition of pricing for specific equipment rentals (up for discussion) and potentially long-distance (greater than 60 miles) travel/stays.

## Equipment

All wedding packages include 2 Electrovoice PA speakers, 1 Harbinger Subwoofer, 2 independent light towers with motorized, music-synced lighting, a DJ table with a facade, a laptop, a mixing board, and power strips/extension cords.

## The Process

Booking with us is easy and we will outline the steps from initial contact to wedding day below.

1. You contact us via our site, WeddingWire, The Knot, etc.
2. We discuss event specifics, your needs, and your expectations.
3. When you're ready to move forward, we send a personalized invoice through our secure payment portal where you confirm the booking by paying the 20% nonrefundable deposit.
4. We send you our wedding questionnaire to learn more about the exact details of your big day. This is where you tell us your song and music preferences, who is in your bridal party, and what events you want us to host during your wedding.
5. One week before the wedding, the remaining balance on the invoice becomes due, but you will have had the opportunity to pay incrementally before this date.
6. The day of your ceremony, we arrive at least an hour and a half early to setup and test equipment to ensure everything goes smoothly.
7. After the wedding, we send you a request to leave us a review as we wish you and your partner well in your new life together!

## The Catching Lightning Team

Collin

Collin, Catching Lightning, is a professional programmer and businessman who loves music. As a pianist, electronic music producer, and DJ, Collin has an easy time finding the right song and the right energy for any moment. He uses his knowledge of music to make sure your wedding day goes as perfect as possible by creating an individualized experience for you.

Breanna

Breanna is the happy-go-lucky, friendly, and professional representative of the Catching Lightning brand! She manages social media, assists in booking events, and often helps coordinate on-site. Breanna loves making your special day that much more special.
