live in the magic, forever

Heyy, how's it going? It's your girl, Alexia.

A lover. A dizzy dreamer. An explorer. If you're not sure, I'm a wedding photographer that believes love & life should be liberating, an adventure, and magical. I'm currently getting a tan on the beach somewhere in Florida. I have a gypsy heart that can't get enough of exploring all that God has put on this planet for us to experience. I'm actually quite the thrill seeker (have been sky diving, & will be shark diving this year). My personality type is a ENFP, which definitely explains why I get so stoked to document people's stories and their walks thru life. I'm also an enneagram type 2 (HEAVY), so just lemme love you ok? No but seriously what fills my soul is to nurture others, and to truly connect.

Alexia was amazing. Her eye for the perfect photograph is unbelievable. She has such a distinct artistic way and view with her photography that you'll never want anyone else to photograph you again. She works efficiently and she is always comforting - never making you feel conscious. She's innovative and goes extra mile to get as many interesting and different photos as possible. Book Alexia, you won't regret it.

— My Philosophy

You are investing in the preservation of the most important memories in your life. Photographs are your heirloom that you, your grandchildren, your great-grandchildren, will look back on in so many years to come. Photography is magical in the sense that when you look back on a photograph it will take you back to the smells, sights, and feelings that came out of those moments. When my clients entrust me with their special moments, they are investing in not only a vendor, but a lifetime friendship. I deeply care about each unique individual that comes to me, and will aim for the stars. Cause I truly believe they deserve the best of the best and nothing short of spectacular. If you invest in me, you are investing in a professional third wheel, who is there to capture your killer adventure, and all the small moments in-between.

Mileage:

Ground travel up to 100 miles roundtrip from Gulf Breeze, Florida, U.S.A. is included with all wedding collections. After 100 miles, mileage will be charged at \$0.60/mile. Lodging may be required if the venue is more than 3 hours from Gulf Breeze, Florida.

Lodging:

For weddings in the U.S., 2 nights of lodging is required. For international weddings a minimum of 4 nights for lodging to accomodate for international time zones. I'm also very open to staying with a friend or family member to save money! If that's an option let's chat.

Flights:

I always book my flights, mainly through Southwest. They've been my ride or die lol. We can work together to find the most affordable option! I will always get an approval on price before purchasing so there are no surprises.

Rental Car:

If you, a family member, or a friend is able to pick me up and drop me back off at the airport and of course make it to the event without any issues then there's no need for a rental! If that's not an option, then I can look into the options for a rental.

Travel Details —

Basically airports are my second home. When it comes to traveling I'm always down! Travel fees will be based on the exact price for flights and lodging at the time of booking. I will handle all the reservations that need to be made, that way it's all taken care of without you having to worry about any other details!

Without a doubt, we had the BEST photographer for our engagement photos and wedding!

We receive so many compliments on all of our photos taken by Alexia! She is so compassionate and talented. She really loves what she does and it shows in her work and the energy she puts into her business! She is professional, punctual, and so very kind. She makes it easy being in front of the camera for her. She makes every shoot feel natural and makes her clients feel as comfortable as they can be. Her fun energy shows how passionate she is in her work. My hubby and I will use her for every future shoot to come!

We LOVE her! – *Vanessa + Brandon*

Where are you based?

Gulf Breeze, Florida! But I am so down for traveling wherever the magic is happening!

What is your turnaround time?

For engagements, 3-4 weeks. For weddings, 10-12 weeks.

How many images do we receive?

The amount of photos you will receive varies based off of coverage, and so many other variables. I do not have a cut off number, all of the perfect moments will be delivered to you. My range for photos that can be delivered is from 400-1,000!

Do you deliver RAW images?

I do not. You are investing in my artistic style of editing and vision. I truly believe editing is the biggest part of the magic that happens when it comes to photography. If you feel I missed a photo, please reach out! I'd be happy to include it if I missed something. Plus, no one likes things when they aren't finished ;).

We aren't comfortable in front of the camera, do you help with posing?

TRUST ME, all of my couples say this to me. You are not alone. Awkward and being you is the best thing you can be. I aim to direct (not pose) to capture your relationship naturally. I also LOVE making playlists, this always helps us loosen up and have the greatest jam sesh. Most of the time, my couples come out saying how much more fun they had than they thought, and we always end up losing track of time!

Do you know how to shoot in low lighting situations?

Yes! I have external flashes I bring with me on your wedding day to help get the best lighting possible for when needed. I typically will go as long as I can to get all the natural light and pop on a flash during your reception to get the fun, dancing photos!
