hi there!

I'm Allison, the founder of Forever Ever. I'm a New Englander, dog mom, foodie, and retired bride. I spent 18 months planning my own wedding - but I had a hard time finding non 'basic' themed decor and apparel for my bachelorette party and wedding. So, I created my own! And in 2023, I turned this newfound passion into a small business: **Forever Ever**.

When I got married, I knew I wanted to put together welcome bags for my guests. I didn't know how tricky it would be to buy items in bulk, keep everything organized, and coordinate delivery with the hotel while I was trying to focus on being a bride.

So...let us do all of that work for you! Our pre-designed templates are ready to be personalized with your names, wedding date, and location - but if you want something one-of-a-kind, we can create a unique design just for you. We offer full-service welcome bag delivery throughout New England and global shipping on select items.

wedding welcome bag menu
