****We are happy to combine Ensembles within a single wedding performance****

(For example: Solo Violin Wedding Ceremony and [Sono Duo®](#) Cocktail Hour)

Questions

Do you always perform with backtracks?

Not always - I also perform solo, with [Sono Duo®](#) (violin-piano duet), or with [The Aquamarine Duo®](#) (violin-harp duet). I work together with you to determine the best performance option for your event!

How far in advance can I book?

I take bookings up to one year in advance.

How much space do you need to perform?

I require a space of at least 5 ft by 5 ft for a solo performance (near an outlet if amplification is needed or accompaniment tracks are being used) to accommodate my equipment and to allow enough room to bow safely. More musicians require more space. Please discuss any specialized concerns directly with me.

Can you perform outside?

I can perform outside provided the space is flat and covered from elements. I cannot perform in rain, during heavy winds, or in temperatures below 55 degrees Fahrenheit. Please discuss details with me in person and I will do my best to accommodate.

My friend is a musician, but I want an ensemble. Can you play with my friend for my event?

So that I can guarantee the highest quality performances, I only work with professional musicians.

Do you charge for travel?

The first 30 miles of travel from Belfair, WA is included, after which I charge the 2019 IRS standard mileage rate of 58¢ per mile.

What performances do you offer?

- Solo Violin
- Violin with Electric Accompaniment Tracks
- [Sono Duo®](#) (Violin-Piano Duets)
- [Sono Duo®](#) with Electric Accompaniment Tracks
- [The Aquamarine Duo®](#) (Violin-Harp Duets)
