LOVE ABOUT WEDDING 300

Your big dream wedding with all your friends and family by your side. A custom ceremony experience for you and your guests that is crafted around what you love about each other, your relationship and the vision you share for your event. Readings, unity rituals, themes... whatever it is you dream.

REHEARSAL 200

If wanted or needed, we'll meet with the wedding party and family members on a Thursday to run thru the ceremony as many times as we can within 45 minutes to smooth things out for the big day. Rehearsal is in addition to the ceremony. I also offer a worksheet or guide that's customized for your wedding that's available for \$35

So - what does hiring Sabra mean for you? If you are choosing the Love Story or Love About package, this is for you...

Communication - since this is her full time career, you get unlimited communication thru the entire process!

Marriage License - Sabra will send you an email when it's time to start looking for an appointment at the courthouse. You will get your license in the county that you live in. Once the ceremony is complete, you will keep a copy for yourselves as a keepsake, and Sabra will take the other one(s) and record them for her files then submit them to the correct county clerk.

Ceremony Script - we will work on this together, and it's not going to be boring! It will be meaningful, honest, loving and personal, and you will love it!

Customization - readings, unity ceremony elements, your own vows, etc. Themes?

Vows - I'll send you a PDF and you can choose the vows that speak to you. They can be the same or different. If you want to write your own, I'll help you with those too! Then I'll print them off on cardstock in large font and hand them to you at the ceremony.

Pre-Wedding Meeting - Two or three weeks before the wedding we will schedule another Zoom and go over all of the details. I'll offer advice on what I've seen and done before, but you will decide how your ceremony will unfold. We can share this with your wedding planner/coordinator or they can attend the meeting with you.

Wedding Vendor Team Communication.- In addition to reaching out in advance of the wedding to introduce myself to your team, I arrive 30 minutes early on wedding day to reconnect with each of your wedding pros. We'll go over cues and timing, conduct a mic check, and make any final adjustments necessary before the celebration begins.

Wedding Ceremony Officiating- On wedding day, I make sure everything we practiced at the rehearsal comes to life effortlessly!

Follow Up - 10 days after the wedding you'll get an email from me letting you know what your next steps are in getting certified copies of your marriage license.

ELOPEMENT 200

The two of you, your two witnesses, and a handful of guests, with a lovely prewritten script. We'll discuss the type of ceremony you prefer, and then you will choose your vows and reading. This is typically done in parks or backyards. Follow up included.

LICENSE SIGNING 100

Just the legal license signing with out anything extra. The two of you, your two witnesses, and myself with just a quick I DO. Done at coffee shops, or in a park in Clarkston, Ortonville or Goodrich. Follow up included

COMPLIMENTARY CONSULTATION

Sabra will meet with both partners via Zoom for an initial consultation. You'll chat, get to know each other, and she will ask you questions about your ceremony preferences. This meeting helps you to decide if we'll be a good fit for each other!

The logo for 'Ceremonies by Sabra' is written in a large, elegant, cursive script. The word 'Ceremonies' is in a smaller font size than 'by Sabra', which is more prominent.
