I seriously could not recommend Jeremy, Brittany, and NashFilms enough! Our wedding video is AMAZING! I have probably watched it 100 times since that day. Every time I watch I feel like I am right back in those moments! Jeremy perfectly captured all the magic that made our wedding day so special. Not only is the video perfect, but Jeremy was awesome to have around on our wedding day! He is so professional, yet so much fun! I knew I had made the right choice from the very first time we talked on the phone. Leading up to the big day, he did all he could to make sure everything was taken care of and that the video was going to be exactly what we wanted. On the day of, he was the first vendor to arrive and one of the last to leave, even helping me and my mom out with things that had nothing to do with videography when he could. I could never put into words how grateful I am that I chose NashFilms!

Jeremy and Brittany were absolutely amazing throughout the wedding process. From the time we booked him until we got our video, Jeremy went out of his way to help with anything and everything we needed. He honestly made our wedding day so much more fun with his outgoing and hysterical personality. He made sure to keep us on track and to get video of all the things important to us. He worked so well with all the vendors especially our photographer to make sure everything went as planned. We got our preview back in under 24 hours and our full video in under a week. Our video is perfect. It's exactly what we asked for and really shows who we are as a couple. We have gotten so many compliments and I love it so much. I would HIGHLY recommend Jeremy to anyone looking for a videographer.

The first time we met Jeremy was while my sister was planning her wedding and she was in search of a videographer. Right from the beginning I was so amazed how personable and nice Jeremy was! After seeing the amazing video that my sister received of her wedding I knew he was the best of the best. The first thing we did after our engagement was call Jeremy to see what dates he had available because we obviously could not pick a date without him being there! Choosing Jeremy Nash with Nash Films as our videographer was hands down the best and easiest decision we made during our wedding planning! I could not say enough great things about him! From the beginning, the music, the wedding day timeline, to the little details that allowed our personalities to show; Jeremy was so helpful and dedicated to producing a product that truly showcased our love story and was individualized to us. He made the entire day so fun and made everything so comfortable. WE EVEN HAD A SAME DAY EDITED HIGHLIGHT VIDEO... WHAT?? From the bottom of our hearts, we are so grateful to now have a lifelong friend and a precious video that we will treasure for lifetimes to come. Now run, don't walk, run and book Jeremy because I promise you, you will not be disappointed.

From the prompt and professional communication to the above and beyond execution of the day, Nash Films absolutely blew us away. Jeremy is humble, genuine, down to earth, and was truly a joy to have around on our wedding day. His attention to detail and commitment to capturing every moment he possibly could made for incredible footage of our special day and made it worth every penny we spent on his service. The joy he has for his craft radiates at all times and it made us feel like we were the most important clients he's ever had. Our wedding season was filled with challenges - unprofessional vendors and COVID-19 causing us to cancel our wedding last minute and replan on the fly. Nash Films really helped us redeem all that and was easily the best decision we made while planning (and replanning) our wedding. You will not regret having quality content of the best day of your life and you will not regret hiring the most competent, professional and kind videographer out there. Hiring Nash Films should absolutely be the first step you take as you begin to plan your wedding.

WOW!! That was our words when you watched the video along with the tears!! Jeremy is the best of the best!! We knew we wanted a wedding video but was a little skeptical about it being awkward since we're both on the shy side and not so fond of being in front of crowds. Jeremy made our day perfect!! Not once did we feel uncomfortable or out of our comfort zone. He reached out to us when the Covid19 pandemic started to assure us that he was with us no matter what decision we made. He told us that he was praying for us and offered us free live stream! He made sure our whole day was exactly everything we wanted and more! He gave us a detailed schedule for the day and made our day run so smooth and totally stress free! Just like we knew, our video was absolutely outstanding!! He caught it all from the special and sentimental moments to the fun goofy times to the radiating love between us. He's an awesome guy to work with and a great Christian guy following his dream! We can't say enough about him or his work! If you're on the fence about getting a videographer for your wedding or are trying to decide on one... stop, go ahead and pick NashFilms because Jeremy is the best there is! We promise you won't regret it!

If you are looking for a videographer, look no further. NashFilms will not disappoint!! They went above and beyond all of our expectations. Jeremy does an amazing job capturing your wedding day. From capturing all of the special moments, to the smallest details you never would've thought of. He puts them together so you can relive your special day throughout the years. I could rewatch my video over and over again and never get tired of it. My husband and I are so thankful NashFilms got to film our wedding. We would choose them over and over again, if we could get married again! Make sure to book them! You will not regret it. It was the best decision we made.
