

Digital Expressions

PHOTO BOOTHS

Spring/Summer 2019

OUR STORY ... SO FAR

Digital Expressions is owned & operated by Todd and Ashley Hughes. Founded in 2008, this company was created out of love for family and creativity. Operating this business is our way to help others create lasting memories with those around you!

Living in Arizona since 1999, Ashley used to work in the Corporate world for many years and currently runs her own business, Hughes Marketing & Design. She has always had a passion for photography and graphic design. Digital Expressions is a way to combine those passions and share them with her clients.

Todd is a Phoenix transplant as of 2013. He has a tremendous history in sales & marketing, and loves to help businesses grow and be successful. Together, Todd and Ashley are able to provide outstanding customer service and an exciting experience for all of their clients!

Todd and Ashley have a one year old son, James, as well as two five year old rescue pups, Stella & Lilly.
