WHY SHOULD I INVEST IN A WEDDING FILM?

RELIVE THOSE MOMENTS FOREVER

As I am sure you have been told 100 times by now, the day of your wedding is going to be over in a snap! Investing in a wedding film is the **ONLY** way you can relive that day over & over again.

Relive that dance with your dad. Hear your vows to one another. Watch your grandmother wipe away tears as she sees you in your wedding dress. These are all moments that are gone in an instant, unless you have a wedding film.

NO ADDITIONAL STRESS, WE PROMISE!

Love at First Sight allows you to capture and relive these beautiful moments by putting it on the permanent record. We are highly experienced in what we do. We understand the stress of organizing a wedding which is why we are committed to making this as easy as possible for you, while still producing top-quality content. Satisfaction guaranteed.

WHY SHOULD I CHOOSE LOVE AT FIRST SIGHT?

OUR SERVICE PACKAGES

We offer top quality photography, videography, and combination packages to capture your moment (outlined in detail on the next page). Our top-selling package is the Diamond tier, which provides full highlight reels, unlimited hours on wedding day, a wedding album, and much more. If you are on a tighter budget, you may consider our lower tier options.

You both are going to have enough to be concerned about on the big day... Needless to say, we do not wish to be another thing added to that list of stressors!

We will know the timeline inside & out, and will ensure to work **WITH** the photographer, not **AGAINST** them. We don't want you worrying about a thing.

As for our videography style, it's simple: blend in & don't disrupt the day! Your guests are coming to the wedding to see **YOU**...not us.

We pride ourselves in our communication with you throughout the process. With 10+ years of experience, you can trust us to handle all aspects of the wedding photography/videography stress-free.

**WHAT IS A FORMALITY EDIT?

A formality can be the ceremony, the first dance, first look, toasts/speeches, etc. For the formality edits, you can choose which formalities are most important to you and we can make individual video edits for those important moments, filmed from 2-3 cameras.
