Here at Hitch Flicks we believe in keeping things simple, which is why we offer one all-inclusive package. Our product captures the full scope of your day, providing you with three separate films:

FILM #1 | A HIGHLIGHT FILM

Your wedding day is a major event. Your Highlight Film retells the story of your day in a creative and cinematic way. This is where we believe our work truly shines! Check out examples above in our portfolio section.

FILM #2 | A FULL RECORDING OF YOUR CEREMONY

The wedding ceremony is a beautiful tradition, and we want you to be able to relive it in full. That's why we'll use multiple cameras to record and produce a film showcasing your entire ceremony from start to finish—something many videographers don't offer.

FILM #3 | KEY MOMENTS FROM YOUR RECEPTION

Some really meaningful moments take place at wedding receptions—toasts, dances, and maybe even a cake smashing. We'll make sure you can relive these memories too!
