The Experience

SERVICES GUIDE

The Experience

We've been photographing weddings for 15 years and will approach your day with a stress-free attitude so you can feed off those super chill vibes.

As a team we are silly, detail oriented, passionate about our work, and really excited to meet new people and share in their most sacred life events.

01

Direction vs. Posing

During couples portraits we will guide you into actions or conversations that feel natural to you and bring out the loving and happy emotions you want to see in your photographs. This will bring your focus off of the cameras and onto each other which always makes for beautiful portraits.

02

Building Trust

Your trust in our ability to take a flattering portrait is so valuable and will lead to even better photographs. To help build this trust we will give you a peek at our camera screens a couple of times throughout the day so that you can see how truly amazing you both look. We will get silly with you and generally make your photography experience as relaxed and as enjoyable as possible.

03

Capturing Candid

The key to capturing great candid photographs is observation. We are seasoned people watchers who have learned to spot special moments before they happen so that our cameras are poised and ready to go when stories turn into laughter, the beat drops and the crowd goes wild, and vows cause an explosion of happy tears.

Love Notes

I could not be more thankful for the wonderful experience provided by Briana and Andrew. They made my husband and me so comfortable during our engagement photos and our wedding, adding a level of positivity and light-hearted energy that we'll remember forever. Thank you

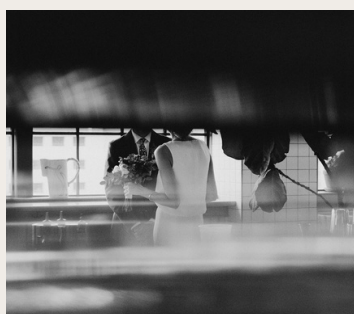

Lorraine & Jace

Briana and Andrew captured our wedding day perfectly. They are truly the full package. We were impressed by their keen eye for candid moments and timeless editing style. They are seasoned professionals who run the gamut of digital, film, and Polaroid photography. What's more, they lend an adventurous spirit and willingness to "roll up their sleeves"... literally! At one point during the wedding, they masterfully untangled my dress from some thorny branches. You can count on Briana and Andrew to support you before, during, and after your special day. We will treasure their photos for the rest of our lives, and hope you get to work with them too!
