\* Elopement prices will vary according to your dream plans. I serve as a sort of day-of-coordinator for these - I'll help you build a timeline + find vendors to ensure you have the intimate, carefree elopement you're wanting.

\* The Dream Machine Photobooth will work it's magic + provide glorious memories, belly laughs, + get all the booties out their seats for the entirety of your reception (up to 4 hours)

\*Your custom leather or linen wedding album will include 50 of your favorite wedding day images, with the option to add more if you choose. You will also be able to choose the colors + proof the album before it's sent to production to make sure it's exactly what you want!
