

THE DAY // DONE DIFFERENTLY

INVESTMENT

Let me start by saying that we understand the incredible cost that goes into wedding day. Let me also say that it is our sincerest hope that you will find our pricing extremely competitive. In fact, in comparison with other Cinematic Film Makers, in most cases, companies with our style and experience have package pricing that STARTS at the level of our most expensive package. Again, we know the day is expensive; We want to honor that and keep our prices as reasonable as possible, with no hidden fees or extras. What you see is what you pay for (unless you choose to add something else on).

SOME ADD-ONS FOR EITHER OF OUR PACKAGES:

- **EXTRA** Flashdrives are \$40
- **ANY** package can have EXTRA TIME added, though typically not needed. Things like rehearsal dinner, later time at the reception, etc. can be purchased for an up-charge. Our hourly rate which is \$300. While this seems expensive, this also includes the time that will be spent editing the footage captured during that extra time. Again, 99.9% of the time our normal structured time meets the needs of every film we make. It is very rare that a couple pays for us to stay for "more time" because we usually get everything we need in the time our packages cover, but this option exists for those that may want it. If you have questions about this, feel free to ask.
- **RAW** footage can have be purchased for a charge of \$500. This will include a hard drive (because each wedding is nearly 200GB of footage) with all the footage organized by event of the day (Pre-Ceremony/ Ceremony/ Reception). This fee also includes shipping costs to send the drive to you with the footage loaded on it.
