# WELCOME

---

Thank you for taking the time to look through my work and guide!

I am here for the laid back, romantic, creative, adventurous couples who are okay with being themselves and maybe a little awkward in front of the camera, (totally normal by the way!) but also want something unique, warm and authentic. My goal is to reach you on a human and *real* level. I don't like to be considered as just another wedding vendor. I strongly believe photography is such an intimate part of a wedding; we are there for all the most vulnerable moments of your day, and I think developing a bond with your photographer allows you to be more trusting on the day you'll be feeling an array of emotions. I want to capture all those raw and beautiful moments.

## WHAT'S INCLUDED

All of my wedding collections include consultations on timeline and locations, fully edited images in a high-resolution format, a private digital gallery that's all yours for 2 months, a digital slideshow, printing rights, and a USB drive inside a customized keepsake box.

**If you love what you see,**

and want to know more, let's set up a Skype/phone chat and get to know each other better!

## TRAVEL

If you are flying me out, all travel expenses (besides meals) should be discussed and paid for before the wedding. Typical traveling includes flight, hotel, cab/Uber rides or car rental. Travel is also added if the commute is more than 25 miles.

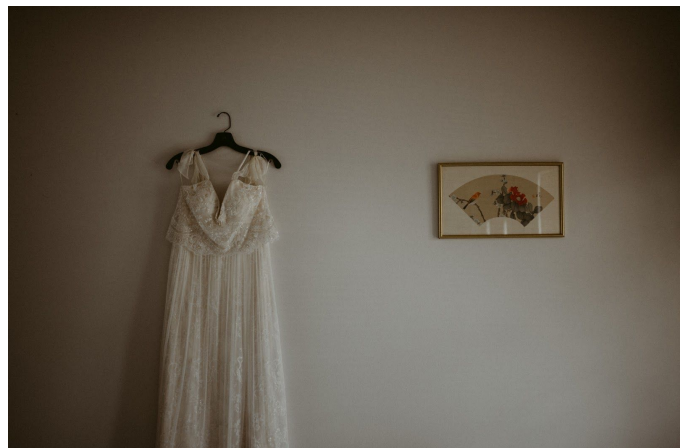

## SECOND SHOOTERS

Want a second perspective of the day? I only hire trusted photographers who are professionals, shoot similar to my style, will work just as hard as I do, and will be happy to capture your wedding day alongside me. Sadly, none of them will work for cake. I've asked.

## ONLINE GALLERY

The online gallery can be as private as you want it to be. Your family and friends can have

access to view, download high-res or purchase prints straight from the gallery.  
Galleries are active for 2 months.

## LIGHTING + FIRST LOOK

If you are planning your ceremony for sunset and are dreaming of portraits with natural light, then I will suggest a “first look”. A first look is when the bride and groom meet right before the ceremony, and it can be as intimate and special as you make it!

## PAYMENTS

I require a non-refundable 25% deposit to book the wedding date. The remaining balance should be paid 14 days before the wedding. I run payments and invoices through “Inly”, which allows you to pay by e-check.

Other acceptable forms of payment are: check, cash, Google Wallet, Venmo, Cash App, and bank transfers like Zelle . However, I do not accept credit cards at the moment.

If you have any other questions, of course feel free to ask! I’m one email or call away.
