CUSTOMIZATION

Every wedding is different, just like every couple is different. My base package is built specifically so that you get the best of my services.. It's super flexible! Don't be afraid to throw out tradition and do something unexpected. This is such an important day, let's make it as unique and personal as possible. Let's have an intimate elopement at your favorite spot in the park, or plan your first look to be at the coffee shop where y'all met. There are no rules when planning your wedding, so let's give it our all and make every moment matter.

ALL DAY COVERAGE

From the getting ready photos all the way through exiting the reception, and every moment in between. What is your vision? Which traditions do you NEED to include? Do any of your choices feel like they're being forced? It's YOUR day, do what YOU want for YOUR wedding. Period. Your day is so so so so special. On a typical wedding day, I find myself shooting for at LEAST 7-10 hours of coverage. If you believe you need something different, let's discuss why and how we will bring your vision to life! Every moment will be unique, authentic, and intentional. That's my promise.

ENGAGEMENTS INCLUDED

Engagements are a MUST! How else are you gonna send out save-the-dates? You have nothing to worry about; your engagement session won't be a stuffy, awkward session that you'll dread. It'll be you + your love, in a comfortable space, holding each other and laughing. It'll be stress-free, relaxed, and effortless. I'm your photographer, but I'm also your guide. The two of you are so beautiful, your love is gonna shine through your photos!! Engagement photos are nothing to be anxious about; we can do them in the comfort of your own home, in every day clothes, all while you're cuddling the pups. Or maybe you get to wear your favorite jacket and we go take them at the park by your house. The only limits we have is our imagination!

RELAXED, CANDID ATMOSPHERE

Your special day will be filled with so many memorable moments, and I'll be there capturing everything. All of your special moments will be documented with an authentic, candid, and photojournalistic approach. This means that I capture things as they happen, not forcing them to happen "just for photos." Nothing on your special day should feel forced, including your photos. Keep in mind the difference between INTENTIONAL photos and FORCED photos. Pinterest is such a great inspiration to pull from, but there's no fun in a copy cat wedding that's all about the "show" of it .

I can only say positive things about our experience with Elie. He really has a talent for making your photos unique, and special for your wedding. Not only is he extremely professional and easy to get along with, he's pleasant to be around! I think he was a perfect fit. He made us feel so comfortable in front of a camera, like we've been friends forever. Thank you Elie, I could not have asked for a better person to be there on our wedding day!

GIANNA JOHNSON

To say that Elie is a gifted photographer would be an understatement. He is a gifted artist in every sense of the word, and his ability to capture moments perfectly and organically is unparalleled.

He has documented so many important life events for me--graduation, engagement, bridal shower, bridal shoot, wedding and reception--and each set of photos has precious moments that my family and I will cherish forever. He's my preferred photographer for life now, and I know if you give him a shot he'll be yours too.
