

# WILDMENT

PRODUCTIONS

Welcome to Wildment Productions !

We can't wait to capture your authentic, one-of-a-kind story!

# Why Choose Wildment Productions?

At Wildment, we center our filmmaking around 3 pillars:  
Dynamic Cinematography, Authentic Storytelling, and  
an Unforgettable Experience.

Our talented team of filmmakers have spent over 14 years  
developing our unique style and improving Wildment's quality.  
We're proud of our 650+ happy couples and can't wait  
to tell your story either. It deserves the best!

# Our *Films*

---

## The Teaser

Our shortest film on the menu also has the quickest delivery time. This bite size piece of cinema is ready to go a week after your event! Teaser's are prioritized in our lineup so you can have a sneak peek of your film as soon as you get back from the honeymoon.

It's our helpful way of keeping those dreamy vibes coming.

Example: <https://vimeo.com/617179568/f929168f39>

## Save The Date

This beautiful cinematic counterpart to the common engagement photo shoot is our clever answer to all of those minor inconveniences and annoying inefficiencies of having to send out mailed invitations.

We live in a digital age. Why not let people know they're invited to your wedding with a digital video announcement?

Example: <https://vimeo.com/514486921>

## The Film

Our most popular video service, the film takes all of the best parts of a wedding and compiles it into a cinematic experience that you can share all over the internet. Your friends and family will love this shorter highlight reel of your big day... especially if there's a chance they might be in it!

The wedding video has truly evolved.

Example: <https://vimeo.com/691914536/95ee4d-ebb0>

## The Documentary

For the truly sentimental amongst us, the documentary is your key to reliving every important moment. Whether it was candid or planned, it will be here for you to watch over and over again.

We work hard to make every moment even more beautiful than you remember.

# Our FAQ's

---

## **How do we confirm our booking?**

To book any of our packages all we ask is a non-refundable \$500 deposit to secure your date.

## **Can we pay in installments?**

Yes! After you have made your original deposit we can set up a payment plan that works best for you.

## **Where are you based out of? Do you Travel?**

We're based out of Lubbock, TX, but film all over Texas and beyond. We love to travel!

## **Are there additional costs for traveling?**

Yes, our travel fees are mileage (at the standard IRS rate) or flights, and accommodations for the length of stay.

## **How long will you stay? What time do you start and when do you finish?**

For weddings 2 hours away or more our production team will arrive the day before your wedding. We will leave the morning after. On the wedding day we will arrive at a pre-specified time a little before your coverage starts and leave after your hours have elapsed.

## **Do we get to meet you before the wedding?**

We love to meet our couples! If you are close to where we are located you can come by our office or we can meet up to get coffee and chat. For those who are further away we love to do video chats or phone calls!

## **Will you work with other photographers?**

Yes! We love getting to work with new people. We started as a video only company so working with photographers is nothing new for us!

## **What does guaranteed drone mean?**

Guaranteed Drone means we will be bringing a drone and drone pilot to your wedding as long as the location permits. We love drone footage, so even if your package does not include a drone we will do our best to work it into the day. We just can't guarantee it. ;)

## **How many Camera's will you bring?**

With every Wildment video package you are guaranteed 2 cameras unless stated otherwise.

## **Do you record audio? How do you record it?**

Of course! Video without audio is only half of the story. We use lav mics during the ceremony and portable recorders during the reception.

# Our FAQ's

---

## **What music do you use? Can I choose it?**

In the documentary we use music from your day. Whatever you play at your wedding is what you'll hear in the finished product. In all of our other films we use royalty free music for copyright purposes as these are more often shared across social media. Our talented editors will choose the music for the film but will take any preferences you have into account.

## **How many photos will I get in my gallery?**

We do not put a maximum or minimum number on the images in the gallery. Since we are shooting all day we will take thousands of photos. From those our editors will choose and edit the best images to include in your gallery.

## **We notice you have a distinct style. What if we want something different?**

While we favor a more dark and moody tone, we want our films to be a reflection of you. We will work with you to achieve the look you're after through our films and photography.

## **How long before I receive my videos and photos?**

We guarantee a 90 day turn around on all of our packages. The Teaser is guaranteed a week after your wedding.

## **Can we get teaser images from our event?**

Yes! We will send you a selection of preview image a week after your event with each photography package.
