## **DAY OF WEDDING COORDINATION \$1,500.00 +**

Our coordination package includes one planning meeting (up to 3 hours long), unlimited communication via phone or email (starting two months out from your wedding), facilitation of the rehearsal, and up to 8 hours of service on your wedding day! I'll begin by collecting any contracts you currently have with your vendors to help me gain a better understanding of your plans for your big day!

A few months out, I will send you a questionnaire to fill out. It's thorough and helps identify any areas or details that may have been overlooked or need further attention. We will schedule our planning meeting for roughly 3 to 5 weeks out from the wedding date. During the meeting, we will comb through everything. We will talk through every detail to help ensure your day goes meticulously planned!

After our meeting, I will reach out to each vendor to ensure everyone is on the same page and answer any questions.

With all of this information, I will put together a very detailed timeline that lays out every step of your day! Once it's complete, I'll send it to you for approval, and once approved, I will send it off to all relevant vendors. I will help run the (often in tandem with the officiant) to ensure everyone knows their placement and roles and is comfortable with how the

ceremony will run. On the wedding day, I will be there to make sure all of your plans play out the way they are supposed to. The timeline helps me to stay steps ahead of everyone else. We do this to ensure everyone is ready and on cue for each step of the day! I mostly do weddings by myself, but I do have an assistant to bring on, in some cases. Things like a large amount of décor to set up, a 100 + guest list, or a short set-up time frame could require that I bring my assistant on board. The rate would increase that by \$250.00
