DOCUMENTARY STYLE WEDDING
PHOTOGRAPHY FOR THE WARM &
INTIMATE; THE MOODY & LOVELY

"To capture our day
so authentically and
artfully. Every
time I look at our
photos I'm
transported right
back to that
moment..."

HELLO LOVEBIRDS!

Time flies and
memories fade--
somehow, your whole life
trapped in haze,
a blur.

You recall a feeling,
a moment--
flittering,
fluttering,
fumbling
for but a finger
to linger
on.

So too,
that moment--
a nostalgic craving
for the present--
Des Vu.

A word by any other name would read
this new, with you, hold true.

So, we have all heard of Deja Vu,
but only some have truly felt it.
What if I told you there was
another phenomenon that every
single one of you have felt: Des Vu
the feeling of knowing that a
moment will become a memory.
It's having nostalgia for the present
moment. This is what you want
your photos to reflect. This feeling.
As time goes on, details fade from
memory but your photos will
persist. They are your journal, your
time machine, your legacy.
