Choose a stately and sophisticated backdrop of the 1920s historic mansion, or create a more urban, organic-inspired look with lush green shrubbery nearby and the river setting behind you for your ceremony scenery. This location can also be used as a \*tented outdoor reception option!

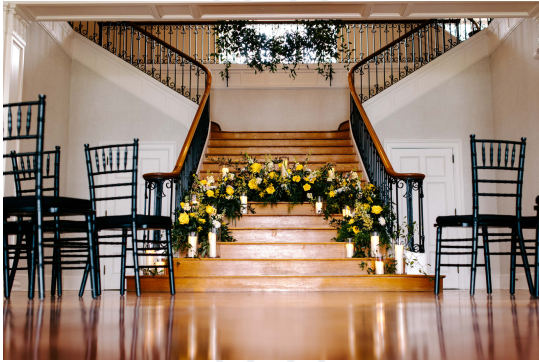

\*Tent is an additional fee and price will vary.

## Foyer

The Foyer is an ideal spot for a welcome beverage display, showcasing your place cards, or an area for your gift and guest book table. For intimate indoor weddings, the Foyer is popular for a ceremony facing the Grand Staircase - perfect for up to 100 guests. Additionally, this space can be used for any specialty celebration such as a bridal shower or rehearsal dinner for up to 50 people.

### Grand Staircase

Once guests enter through Historic King Mansion's front door, they are greeted by a sight they won't forget - the Grand Staircase. The Grand Staircase is the focal point of the Foyer and provides a timeless, romantic appeal - one reminiscent of the most heartfelt scenes from your favorite Hollywood films. Its broad wooden steps lead to a landing that splits into two separate facing staircases ascending to the mansion's second-floor Mezzanine. An original pastel colored stained glass window is visible directly above the landing, making for a Vogue-worthy portrait spot or a regal ceremony location. Additionally, the intricate designs in the wrought iron railing posts provide a unique and emblematic feature to the property.

### Conservatory Ballroom

Dance the night away in our brand new Conservatory Ballroom that can fit up to 150 guests with a dance-floor. This new room features four gorgeous chandeliers, stained concrete floors, market lighting, smoky mirror accent wall, and elegant modern sconces. The Ballroom is situated in the perfect location on our property for you and your guests to watch the breathtaking sunset over the river during your dinner reception.

### The Loft

The Loft is available as a space for you and your wedding party members to prepare in for the big day. The Loft offers brand new comfortable lounge seating, a fireplace, storage space, a room with a beauty bar and gorgeous mirrors for final priming and pampering needs. Original glass windows allow for natural light into the space and makes it the best location to capture the perfect getting ready photos on the day of your wedding.

### The Gentlemen's Den

Located on the first floor of Historic King Mansion, the Grooms Room creates a touch of "den-inspired" masculine aesthetic with dark wood paneled walls, comfortable seating, pool table, large screen TV, and a fireplace. This room is the perfect place for the wedding party members to get ready and hangout pre-ceremony.

### **The Study**

Completely renovated from what it once was, the Study now features a built-in bar and brand new seating creating the perfect room and atmosphere for guests to relax in during cocktail hour.

This balcony directionally faces the northwest and provides outdoor coverage ideal for first-look reveals, portraits, couples shots, or romantic sunset photos.
