STORY SESSION & FILM

Whether you’re going all out and having a 300+ guest wedding or deciding to keep it low key and elope in the mountains, this add on is perfect for every occasion, big or small. This session provides us with a great opportunity to get to know each other better, while offering you the chance to become (more) comfortable in front of the lens. Whichever ideas you have for this session are welcomed and in turn, all of the footage we capture will be handcrafted into an exciting Story Film. There’s also a great chance the moments we document will be brought to life once again in your Wedding Film Collection.

KEEPSAKE FILM

Wedding days come and go in the blink of an eye and there are so many moving parts to each and every occasion. While my shorter, highlight based films include the most pivotal and story driven elements of the day, I understand that couples often want to reminisce on even more moments from their special day. This add on provides exactly that. The Keepsake Film includes your wedding ceremony in its entirety, first looks, all formal dances, additional formalities & speeches in a professionally produced film. This offering is a huge hit with nearly all of my couples!
