Testimonials

"VCS did a FANTASTIC job at our wedding. My husband is such a picky person when it comes to music and playlists, and he was satisfied and super impressed! I wished the reception had gone on longer for them to sing more songs. They were that good and everyone wanted to dance all night long! They were easy to work with and very flexible regarding your wants and needs. I wanted my cousin (he is a musician and only 17) to play with them during the ceremony and they worked directly with him and turned my vision into reality. They let you decide how involved you want to be with creating playlists and songs to sing. I HIGHLY recommend them and will definitely use them in the future if we have anything that requires a band or even a small event (like a shower or bday party). They play and sing better than the bands out there who charge you double. VCS pricing is very reasonable, even with travel. They are professional and fun and just genuinely good people. If you are deciding between bands, go ahead and sign with them. You will NOT be disappointed."

"Velvet City Sound was INCREDIBLE!! A MUST hire for your event if you want the entertainment and music to be perfect! They provided services for our wedding ceremony, cocktail hour, and reception, and not a detail was missed throughout! Nick and his team were so accommodating, getting to know us as a couple and making sure every song was what we wanted. The good energy was non-stop at our wedding and that's all thanks to the amazing work Velvet City Sound curated and executed to perfection. It was such a pleasure working with Nick and his team, I would recommend 100000%!!!"

"Hiring VCS was one of the best decisions we made for our big day!! We couldn't have been happier with our experience. They did everything from the ceremony, first dances, and the reception and was unbelievable! As a musician, I was very specific on what my wife and I wanted and looked at many different options before finding VCS. They did an amazing job with all aspects of the wedding/reception and kept our guest dancing all night long! I would HIGHLY recommend them for any type of wedding or event!! Big thanks to the entire VCS team!!"

"This is the third review I'm writing for this band and I will try my best not to go too crazy like in the other two (check them out on google and on wedding wire for those reviews). I have to agree wholeheartedly with one of the reviews on here I just glanced at...literally the second we got off the phone with Nick we knew we made the right choice. And we expected them to be good based off how professional, experienced, and friendly they were, but damn. We didn't know they would be utterly amazing. From the first song to the very last one, absolutely killed it. They are so talented I mean it's actually crazy that we could afford them no kidding. The only bad part was that it had to end. I could have stayed on that dance floor listening to them for 10 hours straight. Hire them. Don't think on it anymore, ask for the sax, and hire them. You're welcome."
