About THE ARTIST

Hello ! I'm Hannah, wearer of many hats, carrier of many brushes and your number one wedding day beauty secret.

I love makeup, sappy moments and a good story. When I don't have a brush in my hands you can find me in the studio creating magic with my guests or soaking in nature.

I have wanted to be an esthetician since the age of 12. I spent all my free time in the library soaking up all of the non-fiction beauty books. Being in a family of five girls I had no shortage of volunteers, and it became clear that the beauty industry was where I belonged. I LOVE the moment I hand a guest a mirror and see an uncontrollable smile take over their face. My goal is to make you feel heard and take all the stress out of getting your makeup done.
