"Knows how to throw an elegant, tasty, and fun tea party! Tea selection was so diverse and the food was delicious. You can tell how much love and care goes into everything they present. I hope to go to another event!"

"This was my first High Tea! I was/am so impressed! From the handmade sugar lumps to the beautifully set tables, the only thing missing was more time! The butter cream was so delicious we wanted to eat it by the spoonful! Ella and her family create a warm, friendly, beautifully decorated setting full of scrumptious pastries and finger sandwiches! This is a must do! Everything was planned to the TEA! Thank you for having us!!!"

Posh provides a top notch experience from beginning to end. When I arrived I was taken back by the beauty and elegance of the table setting. Every detail is thought out - from the beautiful China to the printed menus and name tents for seating. Ella taught us about etiquette, history and teas which really added to the experience.

The teas were very delicious and had everything needed to doctor it up - homemade sugar cubes, honey and cream...

I highly recommend Posh for your next event if you want fantastic service, fancy China, and delicious food! I can't wait for my next Posh tea party!
