About Me

Hello! I'm Rachael Marie, Owner of Rachael Marie Weddings. I used to work in software, and decided to make the switch to wedding planning at the beginning of 2022, after my own successful wedding, and years of helping friends and family plan their events! I love guiding my couples in their wedding journey, and seeing the joy on their faces when they're surrounded by their friends and family on their special day!

**Personalized help so that
you can achieve your
dream wedding!**
