ABOUT US

We are Matt & Hannah Whitt, a husband and wife dream team that offers wedding photo and video!

Based in Lewisville, North Carolina, when we aren't capturing the love of gorgeous couples around the world, we love classic cars, movie nights with homemade pizza and spending time with our 3 kids, Mason, Jesse & Winnie.

Here's what some of our past bride and grooms had to say:

"Hannah and Matt made sure we got everything we expected and MORE that we never even knew we wanted! We have the most beautiful photos to look back on from our wedding day and graduation shoot - we could not have asked for a better experience!" - Lexi & Dalton

"This couple right here did an amazing job filming my sister Nan's wedding. I hired them to surprise my sister with a wedding video. They made her and everyone feel so at ease and comfortable while being filmed which takes a special skill. Their filming is beautiful and professional, you can tell they are very experienced. I am so pleased with the outcome of my sister's Wedding video and happy to have met Matt and Hannah!" - Cate

HOW IT WORKS

Step 1

After perusing our website and deciding on the perfect package for you, we'll schedule a phone call to chat about your big plans for the day including timelines, can't miss moments and more. We'll then figure out a date/location for your engagement session!

Step 2

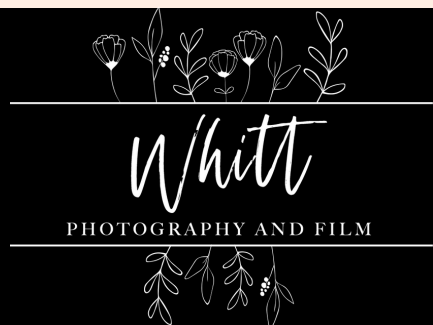

Next, it's time for the engagement session! This is an opportunity for us to figure out the perfect way to capture you as a couple. Are you the outdoorsy type? Let's meet in the mountains for an epic sunset session. Fell in love at College? We can head over to your Alma Mater to showcase where your love story began. We'll help you choose the perfect location and feel free to bring your pets along for the ride! We can even make a teaser trailer that you can post on your facebook to use as a super special video save the date!

Step 3

Now it's time to pinterest your heart out and plan the big day! We'll help you create your wedding day timeline and check in regularly to offer any help you may need. We work closely with you and your future hubby to make your wedding everything you've always dreamed of!
