

2500

This price includes a full day's shoot with one camera. Arrival time is roughly a half hour before the bride gets dressed. I stay typically a half hour after the first dances to catch the party in full swing. Drone footage included where applicable. This also includes a trailer that is released 2 weeks after your wedding. Visit www.vimeo.com/ctmoments to view them.

The completed project (full length ceremony & reception) arrives on custom crystal USB drive in about 4-6 weeks from the wedding date. Feel free to inquire about any additional information.

Additional Services

3 Cameras

- 3 Cameras will give you the most cinematic and broadcast style imagery you can get. All of the main angles will be covered during the ceremony, toasts, and first dances. Another videographer will accompany me to the shoot. The best way to enhance your video.

800

Groom's Dinner

- The Groom's dinner or rehearsal dinner is a wonderful time to have video memories of. We will capture all the thank you speeches, interactions, and fun that is had at the event. A great intro to wedding day...

600

Love Story

- From the first date to the engagement. We will interview the future bride and groom before the wedding at the location of your choice. Maybe you want to play the documentary at the reception, it's up to you.

500

2 Cameras

- Get an extra camera to increase the angles of your wedding video. More cameras causally relate to a more dramatic video presentation. With two cameras in use your video will have a more Hollywood feel to it not to mention a better chance of capturing those unforgettable moments.

500

Slideshow

- We'll take your photos, digitize, touch up and color correct them, then edit them with our professional software with the soundtrack of your choice.

400

Extended Music Video

- Was the trailer not enough footage for you? Well, get an extended video roughly between 10-20 minutes in length. This will show additional highlights from your big day in a condensed format. Perfect for when you do not feel like watching the entire video.

350

Video Playbook

- The video playbook is a small video player that you can watch your videos whenever and wherever you'd like. Take it to the beach, sit outside on your patio, bring it camping and watch your video under the stars. No network connection needed. You'll receive a 7" 720p screen in a custom folded case. The perfect way to relive your day.

250

Well Wishes

- Want to hear what your guests have to say about you? Go with this and we will ask as many guests as we can to do a testimonial about you. These make great transitional elements for your video.

250

Raw Footage

-You get all the raw footage that was shot. Anything and everything that the camera captured is yours.

250

Extended Hours

- Want me to stay later to capture a few more special events? No problem. Normally I shoot till about 30 minutes after the first dances. Add as many more hours as you would like to your wedding day.

200^{ph}

Live Stream

-Live Stream your ceremony to those who are unable to attend.

150

GoPro

-Rent the GoPro camera and take it on the limo rides or to the bar with you. I even have a head strap, suction, and dog mount for you to try out. They make for great party clips!

100

Media

- DVD, Blu-ray, and additional custom USB drives.
