Frequently Asked Questions

What makes your venue different?

With our unique and stunning property, we focus on creating an extraordinary experience throughout the entire process. As a celebrity at your own wedding, you will receive a team of personal assistants to take care of every detail, ensuring that you and your guests will remember and cherish this day forever!

Do you allow outside vendors?

Photography, Cake, and Floral are removable parts of our all-inclusive packages. Catering, DJ, Bartending, and Event Management are in our all-inclusive package to create your perfect wedding with premier services. You have the flexibility to bring your own alcohol, as we will provide the bartenders, mixers and acrylic ware. If you would like additional vendors, you are more than welcome to bring them on your special day!

What kind of trees are in the Grove and how do they change with the seasons?

Venue at the Grove is on a 2.5 acre pecan grove! About mid-November, the trees start to change color and give a beautiful fall look and then lose their leaves for the winter. In the spring, around early April, the trees will begin to bloom and become a full canopy by May.

How soon should I book my date?

It depends if a specific date or day of the week is important to you. If it is, we suggest to book as soon as you find your perfect venue! Our most popular months are April, October, and November and we typically book prime days of the week about 1.5- 2 years out.
