Librero's School & Dance Club has been part of the Tampa community since 1979. Throughout these years, we've helped thousands of wedding couples and their families get ready for their very special occasion.

If you already have a song selected, we can help you find the appropriate dance that matches your song. And, if you don't have a song, we can help you try a few different dances to see which dance you feel is most comfortable for you, and then select a song which matches that dance.

Allowing enough time to learn and practice together will make the dancing more fun, graceful, and relaxed. We recommend starting at least one to three months prior to the wedding day.
