

2020 Package Pricing

Base Package: \$3400

6-8 Minute Highlight Film

Our standard 6-8 minute Highlight Film weaves in audio from your ceremony, vows, toasts, and/or letters you write to each other. We'll craft a cinematic wedding story that unfolds throughout your day.

Full Ceremony Video

Our ceremony video is a fully edited recording of your entire ceremony. We'll mix multiple audio sources and edit between 3-4 camera angles to create a highly polished film.

Full Toasts Video

We'll record your full toasts with multiple camera angles and present them in a polished video. We will also record any other reception events (special dances, games, etc.) in their entirety and include those in your raw footage.

Raw Footage of your entire day

So many funny and beautiful things happen on your wedding day that won't make it into your highlight film. Every shot might not be perfect, but we want you to be able to see it all! We usually capture around two hours of raw footage, and combine all the clips into a single video file. You can dive in right away, or save to watch on your 1-year anniversary (that's what we did!)

Two Filmmakers

As a husband and wife team, we work together to capture multiple angles of all the important events at your wedding.

Drone Videography

We have our FAA Part 107 Remote Pilot certification, and capture cinematic aerial footage safely and non-intrusively. We never want our drone to be a distraction, so we won't fly during your ceremony.

Digital Delivery of films & footage

After your films are complete, we'll send you a link to download high-resolution copies of all your films and raw footage. If you want physical copies as well, you can add on our DVD & USB package.

Personal film page on our website

We'll host all of your finished films including highlights, ceremony and toasts on your own private page that makes it easy to share with your friends and family.

Add on to your package:

Rehearsal Dinner Package +\$800

Coverage of your rehearsal dinner/party, including full toasts and a 1-minute mini highlight film of your rehearsal dinner.

Full Day Documentary Edit +\$800

Our feature-length wedding film. Edited in a documentary style, your wedding day will unfold chronologically with chapters for getting ready, first look/photos, and your full ceremony, toasts, and reception events. Can range anywhere from 60 to 90+ minutes. This is a great way to re-live your wedding day in a much more polished way than simply watching the raw footage.

3-5 Minute Highlight Film +\$400

Our shorter 3-5 minute Highlight Film is the perfect length to share with friends and family and post online. Set to a single song, this film captures all the best moments of your day. Add the shorter edit to your base package, or choose this style instead of our standard 6-8 minute Highlight Film.

Best Wishes Film +\$400

During your cocktail hour, we'll ask your wedding guests to record personal video messages for you. Always sweet and often hilarious, this video is a great way to have a candid and lasting document from your friends and family.

DVD & USB Package +\$600

Our physical media package includes 5 DVD copies of your finished films, plus a DVD copy of your raw footage. You will also receive a USB drive with high quality digital copies of all your films and footage.
