the knot ****

My husband and I got married at this venue and all I have to say is how wonderful it was! This place took everything I had pictured for our wedding and made it into something even better than I ever could have imagined. The food was amazing and the staff is so friendly! These are amazing people to work with and make the wedding planning so smooth! I would recommend this place to anyone and I wish we could go back and relive our wedding day. It was truly perfect!!
