PHOTOGRAPHY + FILM

DAVID N. SACHS

I grew up writing stories. From a little boy with the largest book collection in first grade to studying Literary Criticism and Theory at UC Davis, my passion of exploring and developing new narratives is the driving force of my art. My photography is no different, and my studio's style pulls from creating and building fashion forward love stories with bold colors and emotional awareness.

Monica Bonneville

“David transcends expectations of a full-service photography and videography studio. He brings a passionate, flexible and creative eye...Our photos are absolutely stunning and he captured our most important moments. David truly loves his clients, and will continue to shoot our growing family.”

David has such an amazing talent for capturing memories...It's not the staged photos that remind you how great your day was – it's the genuine smiles and happiness that you want to look back on. David puts so much detail into each photo he takes that every photo comes out like art! His ability to not miss a moment is incredible, and his energy and passion comes across in every photo!

He captured memories we will cherish for a lifetime. David is not just a special photographer, but such a special person. He loves what he does, and it shows in his gorgeous work. He brings his art to life in unique prints and albums. David will be our photographer for life and we can't wait to work together again!”

“David is seriously a photography WIZARD! His shots are stunningly beautiful and his entire team is an absolute pleasure to work with. He is entirely trustworthy and incorporates feedback into the shots he delivers. But, not much feedback is needed because this guy is a PRO. All of my wedding party loved him and I am so thankful to have had David play this critical role on our big day. Hiring David will be one of the best decisions you make during your wedding planning process!”
