THE EXPERIENCE

Once your contract has been signed, we'll schedule a video chat or in-person interview with you at your earliest convenience. This way, we can all get to know each other a little better and there's not just some random guy showing up on your wedding day. I want to get to know what initially drew you to one another and how that's transformed into what you share today. This helps guide the story behind your film so I know what kind of vibe you're looking for. That way, your wedding day will feel even more epic every time you watch it.

PAYMENT SCHEDULE

A 50% is required within 1 month of the signing the contract. We accept personal checks, ACH bank transfer, debit card, and all major credit cards as forms of payment. The remaining balance must be paid at least 1 month prior to your event date.

DELIVERY

Editing only begins once the final balance is paid in full. Our studio edits using Adobe Premiere Pro and handles all work in-house. Media is typically delivered within 4-6 months of your event date.

OUR CHARITIES

In August 2018, Tessie “Mama” Cirineo, one of our favorite aunts, passed away from cancer. At the time, I was relatively new to being self-employed and it made me question how much good I was actually doing. I’d ask myself, “Am I using this camera to feed people’s egos or actually make a difference?” This is why, as much fun as other projects can be, I find recording weddings more fulfilling.

Since then, this thought has transformed itself into, “How can a wedding cinematography company help 1 million people?” That’s when we had an idea: let’s do some good by finding charities that align with our values. Now, when you book with villaCREATIVE, a portion of your payment will be made in your name to one of the organizations listed below. Have a favorite that’s not on our list? Feel free to write it into your contract along with why you chose it.

FAQS

WHY DO WE NEED TO PAY THE TOTAL BALANCE IN FULL BEFORE RECEIVING THE FINAL VIDEO?

Not that you'd do this, but there have been times where other cinematographers have gotten all the way through the editing process without receiving a payment. By paying before this happens, this ensures that our business can operate at its best. Plus, this gets everything out of the way for you before your big day so you can focus on your honeymoon!

HOW MANY CAMERAS DO YOU USE?

I use 2+ Canon EOS R's throughout the day (typically during those main moments such as the first look, speeches, special dances, and ceremony.)

WHAT IF OUR EVENT IS ON MULTIPLE DAYS?

In the case that your ceremony and reception are on separate dates, we'll cover both if we're not already booked!

CAN WE USE OUR OWN MUSIC?

Of course you can! Just keep in mind that this may prevent you from being able to share your video on certain social media platforms like Facebook and YouTube. Otherwise, you can leave it up to us to pick the right soundtrack to capture your day.

CAN WE MAKE SUGGESTIONS FOR EDITS?

Yes! I have two goals for each my films: 1.) It should each feel unique to the couple, unlike anything they've ever seen before, in a time capsule that represents their love story. 2.) It should look like one of their best friends captured it or they captured it themselves.

CAN WE CHANGE THE COLLECTION WE CHOOSE AFTER WE SIGN THE CONTRACT?

Definitely. Send an email to hello@villacreative.us with your new preference and we'll change it at no additional cost.
