## CHEERS TO YOU!

We're thrilled that you're considering us to photograph your big day! Wedding photography and videography are a whole lot of things but most of all it's an investment in someone to document your celebration in a way that feels true to who you are. You've probably thrown a lot of awesome parties in your life, but this is one party you'll definitely want to remember! We are so excited to hear from you and wish you happy wedding planning!

*Price and Information Guide*

## *It's never been about perfection...*

Let's get real. We shoot weddings a million times better when our couples let us into their lives and love story. The authenticity of our work rests on your willingness to go beyond a surface level acquaintance. Building trust with you means everything, afterall, your wedding day will be one big double date with us! We want to hug and high five at the wedding, not shake hands. Couples who work with us don't sweat the details, don't mind a little mud on their shoes, and are laid back but approach marriage very seriously.

On your wedding day, we're not just paying attention to the obvious things that are happening. We're scanning our surroundings to document what would otherwise go unnoticed. Laughing, crying, nervousness, anticipation, dancing... all microscopic moments we are obsessed with capturing. After years of shooting weddings, we'd like to think we've struck the perfect balance between offering direction and being flies on the wall.

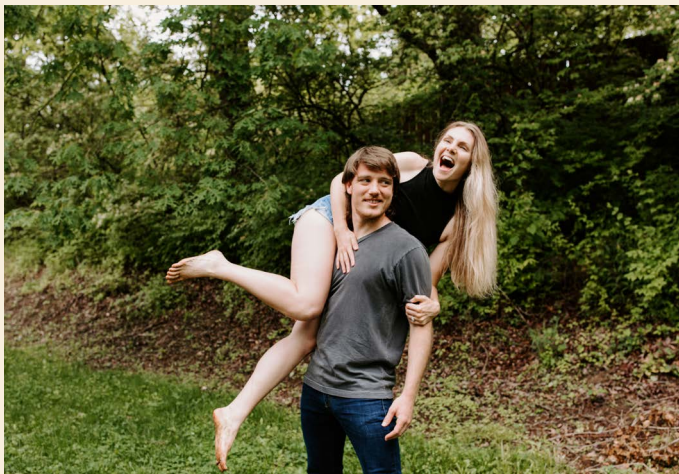

Overall, we approach weddings with an artistic, yet photojournalistic eye to tell the unique story of your day in a way that is creative and memorable. Years from now, our hope is that you will not only love your photos but also love the experience you had with us. Being in front of a camera can be uncomfortable and awkward, but our goal is to make the process effortless and fun! If you allow yourselves to get a tiny bit vulnerable, we can make some magic!

## WE'RE LAUREN AND MITCHELL

*(TWO WEIRDOS IN LOVE)*

- We met in a coffee shop in our college town. Mitchell served excellent latte's but one look into those blue eyes and Lauren was hooked
- Lauren launched the business in 2016 after trying her hardest to enjoy her degree in Logistics and Supply Chain Management
- YEP, Mitchell has a mullet and he's very very proud of how long it's grown
- We got married on May 1, 2019 but have been dating since May 1, 2013
- We shoot 30-35 weddings annually
  - Lauren has been known to cry while editing emotional wedding photos
- We're mega fans of warm, true-to-life tones and natural light
- Nothing makes us happier than documenting beautiful memories, but more importantly, we love serving our couples and their families on one of the happiest days of their marriage

## KIND WORDS

"OMG! Lauren and Mitchell were absolutely amazing. Communication with Lauren for the year of planning (out of state) was excellent. Lauren and Mitchell made us feel so incredibly comfortable the whole day and gave us a ton of laughs, not to mention that they are just the cutest couple themselves! They are a GREAT team.

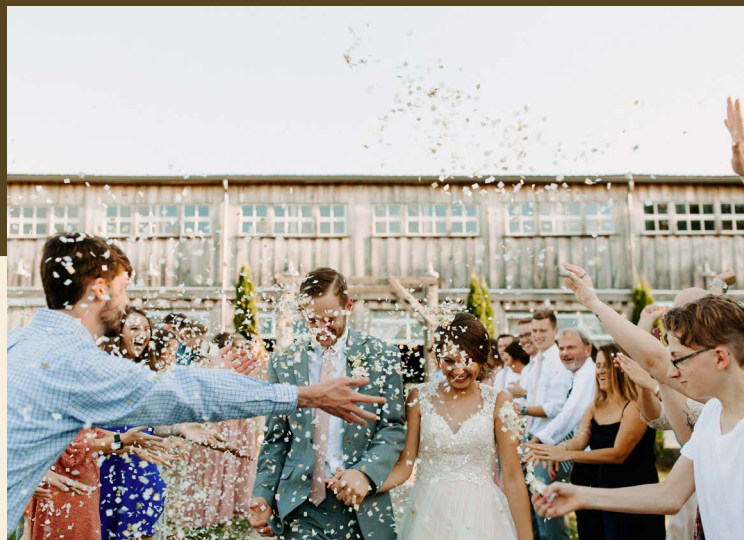

Our whole wedding party and family commented about how much they loved them and how personable they were. I wish they lived closer to us (we are in Alaska) because I would LOVE to use them for years to come. Highly, highly, highly recommend Roots of the Rose!"

## WHY PHOTO *AND* FILM?

**WE'LL BE STRAIGHT UP WITH YOU:** there are simply some moments of the day that are impossible to truly relive through photographs. No matter how many amazing photos you have of the vows and toasts, *nothing compares to hearing and seeing those moments in real time.* Speaking not as wedding vendors but as a former bride and groom, our wedding photos are printed all over our house and we **CHERISH** them so much. However, when we really want to deep dive into wedding memories, we watch our films. *It's a completely different way of reminiscing and it never gets old!* We also really loved getting to share our films with loved ones that couldn't attend our wedding!

*After the wedding, the photos and films are all you have to remember the day.* Nothing breaks our heart more than hearing from already married couples that their biggest regret was not having a wedding video!

*When booked for photo and film, we offer a \$300 discount.* If this style of video isn't your thing, no hard feelings at all! We will happily work with whichever videographer you choose and either way, we are so pumped to be a part of your wedding day!

*"I could never say enough great things about Lauren and Mitchell. Their work, their passion, their professionalism, their character- I thoroughly enjoyed working with them and getting to know them. Their work speaks for itself. They did a PHENONEMAL job on our wedding pictures and video. Everything was beautiful. And let me tell you, that was no easy feat.*

*Our wedding was unconventional. We had a lot of moving parts and the weather was not optimal (a lot of last minute changes), but they just rolled with it and totally took charge in doing what was needed so that we would have amazing pictures and video. They made taking pictures FUN- even my husband had a great time. They captured so many priceless, candid pictures and got EVERYTHING back to me within two weeks after the wedding. I highly, highly recommend and will totally be calling them for all of our family pictures in the future!"*

# LOVE NOTES & KIND WORDS

*"We could not possible give enough stars to Lauren & Mitchell - they are the BEST!"*

*Not only are they so sweet and so fun, but our photos and videos - STUNNING! I didn't know we could look so good! They made us feel so comfortable, and understood us - they really captured who we are! Our wedding day was a rainy one, and a lot of people think that means you're limited with the pictures you get, but that's because they haven't met Lauren and Mitchell - nothing was going to stop them from getting the gorgeous portraits that everyone deserves on their wedding! And after everyone saw our pictures and videos, they were so jealous to not have a rainy day wedding! Booking Roots of the Rose was the best decision we made. Thank you guys so much for making us look so darn good!"*

*-Summer & Stuart*

*"I cannot say enough good things about working with Lauren and Mitchell for our wedding photography and videography."*

*I'm so glad I reached out to Lauren - she was very professional and upfront about costs and what to expect, and always very punctual in responding to my emails. We didn't meet face to face until our wedding day, but as soon as we met it felt like we were old friends! My husband and I both agree that Lauren and Mitchell made us feel so comfortable in front of the camera - and we both are definitely camera shy! Our guests also commented to me multiple times how much they liked them. Lauren sent us a few preview photos the day after our wedding, and I was just in shock how much I loved them! And then we only had to wait about 3 weeks before we received everything else. It was like experiencing our wedding day again, looking through the photos and videos. It was all simply stunning! They were the best decision we made for our wedding!"*

*-Sarah Beth & Kuan*

*"Lauren and Mitchell were absolutely incredible. I genuinely could not have asked for better people to have captured our day."*

*They were the most lighthearted and amazing people. I normally get extremely awkward when placed in front of a camera and they were so fun that I didn't even notice. Not to mention, that they captured just about every candid and happy moment that we had the entire night. I feel lucky to have had them and anyone else would be lucky to have them as well. As a side note, they produced the most amazing photos at an affordable price and they were QUICK. I received my photos within a week of the weekend and I was blown away by how wonderful they were. THANK YOU SO MUCH!"*
