

Wedding Prices

Full-Service Wedding Planning: \$4200

Day of coordination: \$2100

Set Up Only: \$1500

Full Service: Let us work with our preferred vendors to find the venue, florist, DJ, band, photographers, caterers, and more. Not only will you get the best deal, you will have time to enjoy the wedding activities, such as bridal showers, bachelorette parties, etc. Speak with one of our planners today. You can set up an hour consultation prior to booking. We will go over all details and expectations. Once you feel that we are what you've been looking for, you can book your planner. We list our full-service event planning at one hour for calendar purposes. Please select the date of the first in-person confirmed planner meeting.

Day of coordination: Let us be there the day of your wedding to direct the flow of your event, make sure the timeline is on schedule, work with vendors @ set-up, direct guest, and more. All you have to do is show up. We have a 6-hour timeline. Typically, this means the wedding and the first few hours of the reception. You can pay for additional time. Speak with one of our planners today!

Set-up Only: We can come set-up all your decor for your wedding. We will arrive hours before the event to ensure that all decor is ready to go prior to the event starting. We can use some of our rental decor as well as your own decor. If you have all your own decor we can set that up as well. This does not include clean-up or tear down. This is only for set-up. We will not stay at the event unless we are hired DOC or full service planning.

Event consultation: If you don't know if you need an event planner or want to know if we're the ones for you spend an hour with one of our event planners asking the questions you need to prepare for your event. *(All Weddingwire & Knot referrals get free consultations).*
