# Custom Setups

**Vintage Setup (\$900):** With REAL repurposed wine barrels as speaker stands, bronzed speaker grills, an LED lit dry-erase board, and patio string lights roped from the premium dance floor lights found in the vibrant setups, this setup was designed to be integrated into various themed weddings/events and venues with that vintage or barn style that is so popular today.

**Simple/Classic (\$700):** This setup is made from *chalkboard*! Leave it bare for a formal look or customize it with the writing of your choice! Or let your guests chalk it up and save some pictures for later! Speaker poles are dressed in black scrim | **No dance floor lighting (add dance floor lighting for \$50)**

**ALL of the above setups include 4 hours of entertainment, a wireless handheld microphone, powerful pro-audio sound system with subwoofer (all QSC brand), and entertainment planning/consultations! Add-ons are available below. NOTE: You do not need to purchase more hours for setup/teardown or ceremony time. To book us for ceremony music, a ceremony service add-on is required. Details on page 4:**

# +Add-ons+

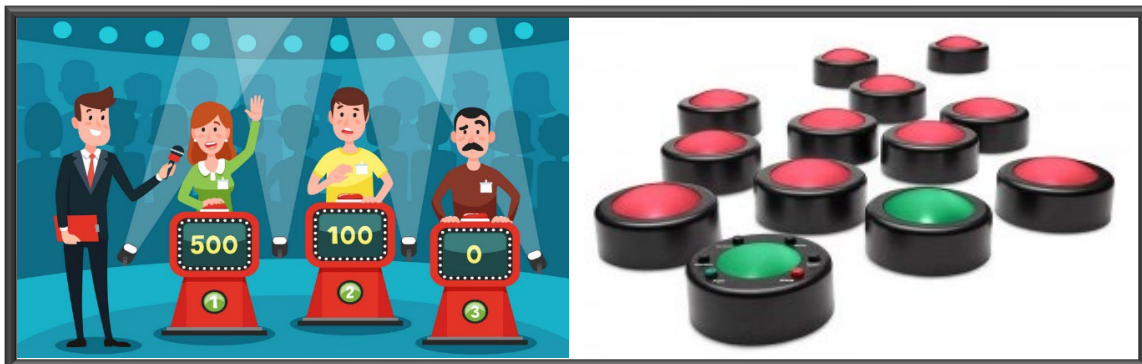

**Uplighting (\$15/light):** Wireless LED uplights can be placed nearly anywhere. Paint the walls in light or draw attention to important areas of the room with just a few lights.

**Gobo Image Projector (\$200):** For personalized monogram, name, or logo projection onto a surface. We help with and order the gobo image; you keep it as a memento!

**Instagram Live Photo Feed (\$75) as Projector/Screen or Magna Setup add-on ONLY:** Set up a unique Instagram hashtag for your event or wedding that your guests can use to post photos relevant to the event, keeping them engaged. From there, we use software to scan for this hashtag and display the photos, as a slideshow, live on a projector screen or TV(s) as they are posted. And we monitor these so that no unwanted/inappropriate photos are displayed and keep it updated throughout the event.

**Projector + 90" Screen (\$200):** For slideshows, video, or use with the Instagram Live Photo Feed.

**Buzzers! (\$75) and Host Service (\$50-starting):** Top of the line, wireless answer domes for buzz-in style games like trivia, 5 second song identification, mock gameshow, etc. (for example: fastest correct answer from a person/table gets to hit the buffet line, gets the next gift, gets the next song request OR: Wedding Party trivia, Bride & Groom trivia, Workplace/Work Friends trivia, Bosses trivia). For any hosting or major involvement that you may require from our team, we'll charge for things like planning, rehearsing, and time. *[quote will be made available]*

## Add-Ons Continued

**Ceremony Production:** Includes DJ, music, speakers, and a wireless handheld microphone + lapel mic, if needed, at the ceremony. We include planning forms to work out your music selections, music played up to 30 minutes prior to start time as guests arrive and background music as they are leaving, AND since music is integral to the various entrance cues, timing/cadence of walks, and occasionally traditions during the ceremony, we are happy to attend the rehearsal to ensure everything goes as planned on the wedding day! (**\*Out of town weddings will require an extra travel fee to keep this attendance\***)

- **(\$125)** If the ceremony is in the same room as the reception, and no additional speaker setup location is required or desired. *The ceremony music will be coming from where we are set up for the reception*
- **(\$250)** Same venue as the reception, but in a separate room where additional speakers WILL be required
- **(\$350)** Different venue than the reception entirely OR you are booking only a ceremony with no reception package

**Additional Speakers:** We include two professional QSC K12 12" loudspeakers (*the main speakers that project the mids and highs in music –guitars, vocals, piano, most of the drums, etc*) and one QSC KSub dual 12" subwoofer (*for the lows –bass guitar, kickdrum, deeper notes of any instrument*) with every setup.

- **(\$75)** Upgrade to an 18" 2000 watt subwoofer (highly recommended for large venues or outdoor setups)
- **(\$175)** Turn the bass up! Add a second 18" subwoofer. Great for proms or anytime you want that club type of low-end hit!
- **(\$100)** Upgrade to two 15" 2000 watt loudspeakers (mains). When you have a very large crowd 200+ in a large venue hall (or outside), and you want the music loud!

**Additional DJ Hours (\$75/hour):** 4 hours of the DJ's music playing time are included with ALL of our vibrant and custom setups. Setup and teardown are on our time and do not require additional time to be purchased. As well, our ceremony service has the time worked into the cost and does not require an additional hour to be added to cover the ceremony. If you need additional DJ time, this would be for a 5<sup>th</sup> or 6<sup>th</sup> (or more) hour that he/she will actually be playing music. Note: There are no discounts for decreasing time for 2 or 3 hour events.

**Travel Fee(s):** For weddings that are outside our normal coverage range (in and reasonably around Knoxville), there will be a travel fee based on the miles driven there and back. We'll just need the address of the venue to get you a quote. The fee is not based on gas prices alone. It takes into account extra wear and tear on the vehicle as well as extra time required for long drives.

If you are booking for an out-of-town ceremony as well, a travel fee will be required for rehearsal day travel, IF you wish to have rehearsal attendance by the DJ. Skipping this is completely fine as long as you have good notes on cues, practiced to the music yourself for timing, and/or have a wedding planner or other designated person who was there for rehearsal to cue us on the ceremony music.
