*“Jac & Mac Photography was awesome. They were at our Wedding all day long, from sun-up to sundown and took non-stop pictures the entire time. They made things fun. I highly recommend them. If you are looking for a photographer that delivers as promised, look no further!”*

Dough McPherson

We are a husband and wife team who specialize in cinematic storytelling photography for any special day or event. We focus on the people and the moments that make your day or event special. **From Weddings, Corporate, Business, Church or Sport Events, to Family or Senior Portrait sessions**

Our Motto:  
*“Pictures Speak Louder Than Words”*

## The Wedding Day

What makes Jac&Mac Photography different than other wedding photographers?

**We don't charge for weddings by the hour or the number of pictures we take.** Why? Because wedding events shouldn't be driven by time, for it is time that makes this event special. When you're rushed, there is no time for the natural emotions of your important day which are what we strive to capture for you.

We make packages based on the phases of the wedding you wish for us to cover, and what products you wish to have. **We provide payment options and because photos aren't our only expertise, we even offer financial analysis to help couples not only to budget for their wedding but plan for their lives.** Thus, starting their marriage on the right path.

Want to leave something behind for your guests to remember your day by? Our Photo Booth makes your reception even more memorable for every one of your guests.
