WEDDING FILM PACKAGES

Thank you for considering Kristen Leach Creative Media for your wedding film! It's an honor to be able to produce a video that will memorialize & share the story of your wedding day, so thank you for considering us to create a film you will cherish forever.

The packages listed below include planning, shooting, & producing a wedding film highlight of your entire wedding day (& rehearsal dinner if you decide to add coverage of it to your film). The differences in pricing come from the length of coverage on your wedding day, the amount of shooters you would like present, as well as the length of your highlight film. You will see there are two groupings of options - single shooter packages & multi-shooter packages. A single-shooter package will be more affordable, but restricts the ability to get a variety of angles during your wedding, especially during your ceremony. Please keep this in mind when deciding between packages. If you choose one of the multi-shooter packages, two shooters will be present for 75% of your coverage window (your main shooter will be present for the entirety). If you choose a package that has a coverage window, you will need to decide when you'd like us to arrive to begin shooting in order to make sure we are there for all of the important moments.

On the second page of this document, you'll find a list of additional video & coverage options to consider adding to your film. These can be added a la carte & as many of them as you'd like can be added to your package. If you're interested in multiple additions to your wedding film package, please ask about discount options.

I am happy to offer payment plans - please ask me about this option if you are interested in setting up a payment plan. Each package will require a 25% non-refundable deposit upon booking your date.

ADDITIONAL ITEMS

*Any of these options can be added to your package & there is no limit to how many you can add. **If you're interested in adding multiple items to your wedding film package, please ask about discount options.***

FULL CEREMONY

\$750

Adding this to your package would mean you would also receive a full cut of your ceremony with audio. I would not add any music, but would simply allow the ceremony to be as is. This is a separate video from your highlight.

REHEARSAL DINNER COVERAGE

\$350

Adding this to your package would mean that I would attend your rehearsal dinner to capture any speeches or moments from that night to include in your highlight video.

REHEARSAL DINNER FILM

\$750

Adding this to your package would mean Kristen Leach Creative Media would attend your rehearsal dinner and create a separate video of the entire evening (including all full length speeches) as well as include soundbites and moments from the evening in your wedding film.

LOVE STORY FILM

\$1,500

This is a really fun video! Adding this video to your package would mean we would set up a time to come and interview you and your fiancé and capture your love story! Your love story will be edited alongside photos & videos you provide to illustrate your story. Your love story video is produced prior to your rehearsal dinner, so you can show it during your rehearsal, your reception, or anywhere else you'd like for it to play. This is a great video to add if you like the idea of a photo slideshow, but want to add a little more to your story to show your guests.

RAW FOOTAGE

PRICING AVAILABLE UPON REQUEST

Purchasing your wedding's raw footage is only available for purchase after your film has been delivered. If you would like to purchase all of the footage from your wedding day, you can absolutely do that! Pricing for this will be determined based on how much raw footage there is, whether or not you'd like to purchase all of it or just some of it, & whether or not a hard drive will need to be purchased to deliver it to you. You will also be asked to sign an agreement stating that you will not use the footage for profit in any way or allow it to be used or edited by anyone other than Kristen Leach Creative Media, should you decide to purchase raw footage.

****All videos will be delivered online in a downloadable format. Flash drives are available upon request***

****If your wedding requires travel/lodging for Kristen and/or any shooters accompanying her, please note that this is not included in package prices. Let's talk & work something out! Kristen Leach Creative Media will happily work with you to make travel costs work in the most efficient manner.***
