# HEY Y'ALL I'M YASMINE!

Hey y'all, my name is Yasmine! I am a Kentucky Native that recently moved to the beautiful North Georgia Mountains with my amazing husband Alex the summer of 2019. I've been professionally shooting for about 6 years now, but have been a hobbyist for as long as I can remember. Helping couples tell and express their love story together has been something I strive for when behind the camera lens. I try making each session special for every couple by capturing the magic behind their love story.

Alex (The Hubby) started his residency specializing in internal medicine and I am so proud of him. Helping others has always been a passion of his, and I couldn't be more proud. We are so excited to be here!! I can't wait to meet new amazing clients and grow in this new area. I know how important it is to capture your day so perfect. I've been in your shoes! Alex & I actually had a destination wedding with our immediate family only, and I still get butterflies looking back at our wedding album. It was the greatest day of our lives and a day we will never forget. I understand how important this day is for you. I GET IT! I want to make it as fun and easy going as possible so you can sit back and relax while I capture all those precious moments!

*with love, Yasmine!*

# WHAT TO EXPECT

**My style:** I am fun and outgoing, but also work fast and efficiently. I am creative and passionate. My style is wide and inclusive: it is important that every client is understood and satisfied.

I know how to anticipate and capture the moments that convey all the special feelings. When the day is over, your memories will be enhanced through photographs of the two of you looking at one another or simply being together, thus narrating the story of your love, which will leave the most lasting impressions on the heart.

**Wedding day portraits:** For couple portrait estimate approximately 2 hours. The best time is 1.5 hours before sunset. A nearby park or close-by outdoor area would be a perfect location. You may invite your best crew to join.

**Payment terms:** A \$500 non-refundable deposit is required to reserve your date on the calendar. The remaining balance is to be paid two weeks prior to the session.

## Details & Getting ready

**Location:** The location is important. That will help to personalize your photo-session. The location is important in terms of taking you back to the very beginning of your pure love when you first kissed. The location can be a hidden bench in a park you used to meet or modern art or an urban location. Choose a place that makes you both feel relaxed, so you can be more focused on showing your emotions. Do you go for a picnic with a red and white plaid cover and a basket full of fruits and wine? So why not capture this lovely moment?

**Outfit:** The next that comes to our mind is “What to wear?” Take it easy and wear whatever makes you feel comfortable. Wear clothes that make you feel yourself. If you both are strictly T-shirt and jeans kind of people, you might choose that casual style. If you are wanting a more formal look I always recommend wearing a flowy maxi dress that lets you move easy. Y'all, need to feel comfortable in the outfits you wear. The uncomfortable outfit makes you look and feel awkward in photos.

You need to complement each other by the look to tie everything together without being overly matchy-matchy. Matching outfits and patterned prints are not ideal for portrait sessions. When discussing the outfit, pay more attention to complementary colors and solid prints. Try to stay away from anything curly, as it can mess up photos. Choose pastels, cool hues, and neutral tones, avoid anything neon. Focus on adding bright accents by accessories.

Anything that might have sentimental value.

# TESTIMONIALS

## Tori & Kaleb

When I started looking for a wedding photographer I had a vision of how I wanted the photos to turn out, but I also wanted someone who could get me and my husband out of our comfort zone! Although we are both super outgoing people, posing for photos, especially with someone you don't know, can make anyone nervous!!

I originally met Yasmine at a small coffee shop before I chose to book with her! Immediately I knew by her fun, honest, and outgoing personality that she was perfect for us! Flash forward to our engagement session and I felt even better about my decision! The pictures turned out absolutely GORGEOUS! Not a single one I wasn't happy with! But what made it even better, was that Yasmine made it so much fun while doing it! It was never awkward because she had so many fun little "games" we played during the session! A huge relief on my part!!

Then flash forward to the wedding, and she outdid herself!!! From meeting me for coffee before the wedding to go over exactly what pictures I wanted, what I didn't want, she took everything I said so seriously! She was early on wedding day, she is super organized, and she truly keeps you feeling important while being fun!!!

Kaleb and I consider her more of a friend now and we are so so happy with choosing YSTUDIOPHOTOGRAPY! If you're thinking of booking, you should do it!! You won't regret it!

Instead you'll be trying to figure out how to pick a favorite picture when they are all your favorites!!
