"We could not have asked for a better experience. Sara was super helpful beforehand providing details on the shoots and helping us decide what to wear to compliment both each other and the landscape. During the shoot Sara was so encouraging and excited. I don't think we could have asked for a better hype-woman! She made us feel comfortable and at ease which captured the best photos because we were all having so much fun. Sara had so many creative and silly prompts for us to do that captured really natural and interactive photos. She returned so many fantastic photos that absolutely exceeded our expectations, both in quality and quantity. We would love for Sara to do shoots for us in the future!"

~Katie & Mitch

"Sara was a joy to have as our photographer. This was the first photo shoot my fiancé and I had ever done, so I was a little unsure how I'd feel - particularly for PDA-type pictures. But I was amazed... Sara made us feel so comfortable with how easy-going and friendly she was throughout the entire session. Her prompts were both creative and humorous, which helped us relax and be ourselves. She was also so encouraging, which was definitely a confidence booster. I noticed I began worrying less about how I looked and instead started anticipating each new prompt with excitement."

Engagement Session

Engagement sessions are literally my fave. What's more fun than adventuring with your person & getting some stinkin' cute pictures while you're at it? I think these session also provide the perfect opportunity for y'all to get comfortable together in front of the camera- think of it as a dry run for your bridal portraits!

Includes:

- 1-2 hours of shooting
- 2+ Outfits
- Location of your choice (although I am happy to help!)
- 40+ images delivered via downloadable online gallery*

Bridal Session

All I have to say is, who wouldn't want another chance to be in your gorgeous gown? More often than not, pictures of just you are usually what is cut short when the schedule is tight, so this is the perfect way to make sure you get all the gorgeous pictures your heart desires. You could think about scheduling this the same day as the practice run for your hair and make up! Don't worry, I don't post any of these images until after your wedding day.

- Location of your choice (although I am happy to help!)
