Hello,

Congratulations and best wishes on your engagement! This is such an incredible time in your life. Thank you for the opportunity to share it with us at the Grand. I would like to recommend the Grand Hotel Golf Resort and Spa for your wedding and let me tell you why.

The rich history and happy memories of generations lounge in the shade of the Grand Hotel's oak canopy. You can feel times-past floating on the bay breeze as our professional staff help you plan your perfect wedding. This unique property flows like a bride's train along the Eastern Shore of Mobile Bay in what is truly a one-of-a-kind setting.

Dream weddings don't just happen; they are creatively and professionally designed. This includes setting an event budget, deciding on a menu, arranging table settings, finding florists, photographers and entertainment for the big day.

# What about my wedding room block?

We do offer wedding room blocks. In order to qualify for a group rate we require a minimum of 10 rooms on at least one of the nights you want to do the block. You do not have to block the same amount of rooms every night. Please know that suites are also counted towards a room block. I want to make sure that you feel really good about the anticipated amount of rooms you think you will need each night as once the contract is signed we cannot go back and reduce the amount; however, we can add more rooms based on availability, but we cannot subtract.

We always recommend starting out conservatively with your numbers and then we can create an addendum to the contract as the need arises to add more rooms. With a contracted block we agree to take sleeping rooms out of the hotel's inventory and sell them to you at a specific rate. With a signed contract you are agreeing that at least 90% of the rooms will stay and pay, and you will be held liable for anything less than 90%. If you fall short of your commitment we call this attrition. We allow 10% attrition, which means any shortage over 10% is what you will be held responsible for. For instance, if 100 total room nights are blocked and only 85 are used, you will be held responsible for 15 room nights.

Most of our wedding room blocks contract our Resort View Rooms. If your guests choose to upgrade to a different room type they may do so at check in. This will ensure their room will still get counted towards your room block. Since your guests will likely be paying for their reservations individually, we will need a credit card from you to hold the room block.

Please let me know if you are interested in adding suites. They are great for a gathering place for wedding parties, a space for bridesmaids to get ready together, families that may need additional space, etc. I can offer discounted rates on suites when they are booked in combination with a contracted room block.
